Brooms

Bass Broom- 380mm

Traditional bass broom with stiff fibres designed for sweeping coarse dirt and heavier debris on rough and uneven surfaces. The durable bristles provide effective sweeping performance on concrete, paving, asphalt, workshops, warehouses and outdoor areas.

Recommended Applications & Uses:
Ideal for sweeping soil, sand, mud, leaves, packaging waste and general debris from rough concrete, paved surfaces, yards, workshops, loading areas and other outdoor or industrial environments.

Bus Broom Handle 2.5m

(Handle Only)

Lightweight and durable 2.5m handle designed for use with the Bus Broom Head, providing extended reach for cleaning large vehicles, elevated surfaces and hard-to-reach areas. The handle can be connected to a hose pipe and allows water to flow directly to the broom head during washing.

Recommended Applications & Uses:
Provides extended reach for safely and efficiently cleaning the sides, roofs and upper sections of buses, trucks, trailers and other large vehicles.

IDEAL FOR:
BUS AND TRUCK WASH BAYS, FLEET MAINTENANCE FACILITIES, COMMERCIAL VEHICLE CLEANING OPERATIONS AND INDUSTRIAL CLEANING APPLICATIONS.

Bus Broom Head

(Head Only – 300mm)

Durable bus broom head fitted with flagged PVC bristles and a water-flow opening designed to distribute water through the head during washing when connected to a compatible hose-fed handle (Bus broom handle). Designed for efficient cleaning of buses, trucks, trailers and other large vehicles, as well as smooth commercial and industrial surfaces.

Recommended Applications & Uses:
Ideal for washing, scrubbing and rinsing buses, trucks, trailers, caravans and other large vehicles, as well as cleaning wash bays and smooth industrial surfaces.

IDEAL FOR:
USE IN BUS AND TRUCK WASH BAYS, TRANSPORT COMPANIES, FLEET MAINTENANCE FACILITIES, COMMERCIAL VEHICLE CLEANING OPERATIONS, WORKSHOPS AND GARAGES.

Carpet Broom

Complete Carpet Broom

Durable carpet broom fitted with stiff polypropylene bristles, a threaded metal grip and a plastic-coated metal handle. Designed to penetrate carpet fibres and effectively lift dirt, dust, hair and other debris from carpets, rugs and entrance mats.

Recommended Applications & Uses:
Ideal for removing dust, dirt, hair, lint and debris from carpets, rugs, entrance mats and other carpeted surfaces, helping to maintain a clean and well-presented appearance.

IDEAL FOR:
HOMES, OFFICES, HOTELS, GUESTHOUSES, SCHOOLS, RECEPTION AREAS, RETAIL STORES AND OTHER CARPETED INDOOR SPACES

Corn Broom

Complete Corn Broom

Heavy-duty corn broom with stiff bristles designed for sweeping coarse dirt and debris from outdoor and rough surfaces. The robust bristle construction provides effective sweeping performance on patios, paving, concrete, driveways and other external areas.

Recommended Applications & Uses:
Ideal for sweeping leaves, sand, soil, dust and general debris from patios, paving, driveways, walkways and other outdoor surfaces.

Available in sizes: Medium & Large

IDEAL FOR:
USE ON PATIOS, VERANDAS, DRIVEWAYS, WALKWAYS, PAVEMENTS, GARAGES, WORKSHOPS, OUTDOOR COMMERCIAL AREAS, SCHOOLS AND PUBLIC FACILITIES.

Gutter Sweeper – 300mm

Heavy-duty gutter sweeper with durable stiff bristles for effective sweeping of coarse debris on rough outdoor surfaces. Ideal for use on tar, asphalt, paving, concrete, roads, pavements, gutters and loading areas.

Recommended Applications & Uses:
Ideal for sweeping sand, gravel, soil, leaves and garden debris from gutters, drainage channels, roads, pavements, parking areas and other outdoor or industrial environments.

IDEAL FOR:
USE IN MUNICIPAL AND ROAD MAINTENANCE, CONSTRUCTION SITES, WAREHOUSES, FACTORIES, AGRICULTURAL FACILITIES AND OUTDOOR COMMERCIAL AREAS.

MICHEM CLEANING SUPPLIES

Hard Platform Broom

Available in 450mm & 600mm

Hard-bristled platform broom designed for sweeping heavier debris on rough, uneven and textured surfaces. Ideal for industrial, commercial and outdoor cleaning applications.

Recommended Applications & Uses:
Ideal for sweeping sand, soil, mud, leaves, packaging waste and general debris from rough concrete, cement surfaces, paving, yards, loading areas and other industrial environments.

IDEAL FOR:
USE IN WAREHOUSES, FACTORIES, WORKSHOPS, LOADING BAYS, PAVEMENTS AND WALKWAYS.

Soft Platform Broom

Complete Platform Broom – Soft | Available in 450mm & 600mm

Soft-bristled platform broom designed for sweeping fine dust and light debris from large smooth floor surfaces. Ideal for indoor commercial and industrial environments.

Recommended Applications & Uses:
Ideal for sweeping fine dust, dirt, paper and light packaging debris from smooth concrete, sealed, tiled, epoxy and vinyl floors in factories, warehouses and other commercial or industrial environments.

IDEAL FOR:
USE IN FACTORIES, WAREHOUSES, SCHOOLS, SHOPPING CENTRES, HALLS, EVENT VENUES AND COMMERCIAL BUILDINGS.

Household Broom Academy

Complete Household Broom – Academy

Soft household broom fitted with flagged synthetic fibres and a protective buffer, designed for effective sweeping of fine dust and everyday household debris on smooth indoor surfaces. The flagged bristle tips help trap dust and dirt for improved cleaning performance.

Recommended Applications & Uses:
Designed for sweeping dust, dirt and light debris from tiled and sealed floors in kitchens, living areas and other indoor spaces as part of daily household cleaning and general housekeeping.

IDEAL FOR:
INDOOR USE IN HOMES, OFFICES, SCHOOLS AND GUESTHOUSE

MICHEM CLEANING SUPPLIES

013 755 3326 www.michem.co.za

Household Broom Deluxe

Complete Household Broom – Deluxe

Household broom fitted with soft flagged bristles and metal handle. Designed for reliable daily sweeping of dust and light debris on smooth indoor surfaces.

Recommended Applications & Uses:
Ideal for sweeping dust, dirt and light debris from tiled, laminate and other smooth indoor floors, making it suitable for light household cleaning, daily maintenance sweeping and general indoor housekeeping.

IDEAL FOR:
INDOOR USE IN HOMES & SMALL OFFICES

Household Broom Economy

Complete Household Broom – Economy

Economical household broom fitted with soft PVC fibres and a screw-in wooden handle. Designed for everyday sweeping of dust and light debris on smooth indoor surfaces.

Recommended Applications & Uses:
Suitable for sweeping dust, dirt and light debris from tiled and sealed floors, making it ideal for light household cleaning, daily maintenance sweeping and general indoor housekeeping.

IDEAL FOR:
GENERAL INDOOR DOMESTIC USE IN HOMES AND SMALL OFFICES

Hygiene Broom Hard (300mm)

Complete Hygiene Broom

Head – 300mm (Hard Bristles) | Handle – 1.3m Aluminium
Stiff-bristled 300mm hygiene broom fitted with a lightweight and durable 1.3m aluminium handle, designed for effective sweeping of heavy debris on rough and textured surfaces in hygiene-sensitive environments.

Recommended Applications & Uses:
Best suited for sweeping heavier debris such as fruit and vegetable waste, soil, sand, mud, packaging materials and general refuse from rough concrete, textured floors, loading bays and receiving areas.

IDEAL FOR:
HOSPITALS AND COMMERCIAL KITCHENS, INDUSTRIAL AND HYGIENE SENSITIVE ENVIRONMENTS

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.
013 755 3326 www.michem.co.za

Hygiene Broom Soft (300mm)

Complete Hygiene Broom

Head – 300mm (Soft Bristles) | Handle – 1.3m Aluminium
Soft-bristled 300mm hygiene broom fitted with a lightweight, corrosion-resistant 1.3m aluminium handle, designed for effective sweeping of fine dust, powders and light debris from smooth floor surfaces in hygiene-sensitive environments.

Recommended Applications & Uses:
Best suited for sweeping fine particles such as flour, sugar, powder residues, dust and dry food particles from smooth tiled, epoxy and sealed concrete floors in packaging, production and food-processing areas.

Available in Hygiene Colours:
Blue, Green, Red, White, Orange, Yellow & Black

Solar Panel Broom

Head – 255mm | Handle – Extendable up to 3m

Lightweight solar panel broom featuring a durable PP, PVC and TPR-coated broom head and an extendable aluminium handle that extends up to 3m for improved reach. The hose-connectable handle allows water to flow directly to the broom head for simultaneous washing and brushing, making it ideal for the safe and effective cleaning of solar panels, skylights, glass surfaces and other elevated smooth surfaces.

Recommended Applications & Uses:
Ideal for removing dust, dirt, pollen, bird droppings and other environmental contaminants from solar panels, skylights, glass surfaces and other hard-to-reach smooth surfaces.

Whisk Broom – Plastic

Complete Whisk Broom – Plastic

Compact whisk broom fitted with durable medium-stiff bristles, designed for effective sweeping in confined spaces and hard-to-reach areas. Its narrow profile makes it ideal for cleaning corners, edges, steps, under shelving and other areas where larger brooms cannot easily reach.

Recommended Applications & Uses:
Ideal for removing dust, dirt, leaves and light debris from corners, edges, steps, entrances, storage areas, workstations and other hard-to-reach indoor spaces.

Deck Scrub

Heavy-duty deck scrub fitted with stiff synthetic bristles, a durable wooden block, wooden handle and reinforced metal wire stay for added strength and stability. Designed for aggressive scrubbing of floors, decks and other hard surfaces to remove stubborn dirt, mud, grease and grime in demanding commercial and industrial environments.

Recommended Applications & Uses:
Ideal for scrubbing concrete floors, decks, paving, tiled surfaces, workshops, loading bays and other hard surfaces to remove stubborn dirt, grease, mud and grime.

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.

Brushes

Banister Brush

Available in Soft & Hard Bristles

Ergonomically designed hand brush fitted with a comfortable handle and durable synthetic bristles for effective cleaning of a wide variety of surfaces. Available in soft or hard bristle options to suit different cleaning applications, providing excellent control and ease of use for everyday cleaning tasks.

Recommended Applications & Uses:
Suitable for cleaning benches, work surfaces, walls, equipment, machinery, shelves, corners and other hard-to-reach areas. Soft bristles are ideal for dust, fine particles and delicate surfaces, while hard bristles are recommended for removing stubborn dirt, grease and grime.

IDEAL FOR:
HOMES, COMMERCIAL KITCHENS, FOOD PROCESSING PLANTS, WORKSHOPS, FACTORIES, SCHOOLS AND GENERAL CLEANING APPLICATIONS.

Builders Scrub – 280mm

Heavy-duty builders scrub brush fitted with stiff synthetic bristles and a durable wooden block for effective scrubbing of stubborn dirt, grease and grime from rough surfaces. The flat trim design provides maximum surface contact, making it ideal for demanding cleaning applications in commercial, industrial and construction environments.

Recommended Applications & Uses:
Ideal for scrubbing concrete floors, paving, walls, machinery, tools, work surfaces and other hard surfaces to remove stubborn dirt, grease, mud and grime.

IDEAL FOR:
WORKSHOPS, CONSTRUCTION SITES, FACTORIES, WAREHOUSES, GARAGES AND GENERAL MAINTENANCE APPLICATIONS.

Chubby Scrub Brush

Ergonomically shaped hand scrub brush with durable medium-stiff synthetic bristles and a smooth wooden block for a comfortable grip. Designed for effective hand scrubbing of a wide variety of hard surfaces, providing excellent control for everyday cleaning and maintenance tasks.

Recommended Applications & Uses:
Ideal for scrubbing sinks, work surfaces, equipment, walls, floors, tiles and other hard surfaces to remove dirt, grease and grime.

IDEAL FOR:
HOMES, WORKSHOPS, GARAGES, COMMERCIAL KITCHENS, FACTORIES, SCHOOLS AND GENERAL CLEANING APPLICATIONS.

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.
013 755 3326 www.michem.co.za

Chubby Scrub Brush Plastic

Durable plastic hand scrub brush with a comfortable ergonomic shape and dense, stiff synthetic bristles. The robust plastic construction is easy to clean and designed for repeated use in demanding cleaning environments. Ideal for removing stubborn dirt, grease and grime from hard surfaces.

Recommended Applications & Uses:
Ideal for scrubbing sinks, work surfaces, equipment, walls, floors, tiles and other hard surfaces. Particularly suitable for kitchens, workshops and general cleaning applications where a durable, easy-to-clean brush is required.

IDEAL FOR:
HOMES, COMMERCIAL KITCHENS, WORKSHOPS, GARAGES, FACTORIES, SCHOOLS AND GENERAL CLEANING APPLICATIONS.

Deck Scrub

Heavy-duty deck scrub fitted with stiff synthetic bristles, a durable wooden block, wooden handle and reinforced metal wire stay for added strength and stability. Designed for aggressive scrubbing of floors, decks and other hard surfaces to remove stubborn dirt, mud, grease and grime in demanding commercial and industrial environments.

Recommended Applications & Uses:
Ideal for scrubbing concrete floors, decks, paving, tiled surfaces, workshops, loading bays and other hard surfaces to remove stubborn dirt, grease, mud and grime.

IDEAL FOR:
WORKSHOPS, FACTORIES, WAREHOUSES, GARAGES, COMMERCIAL KITCHENS, PATIOS, DECKS AND OTHER HEAVY-DUTY CLEANING APPLICATIONS.

Hygiene Nail Brush

Colour-coded hygiene nail brush fitted with durable stiff bristles, designed for effective cleaning of fingernails and hands in hygiene-sensitive environments. The compact ergonomic design provides a comfortable grip, while the firm bristles effectively remove dirt and contaminants from beneath fingernails to support high standards of personal hygiene and help reduce the risk of cross-contamination.

Recommended Applications & Uses:
Ideal for cleaning fingernails and hands before food handling, production activities and other hygiene-critical tasks to remove dirt, grease and contaminants.

Available in Hygiene Colours:
Blue, Green, Red, White, Yellow & Black

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.
013 755 3326 www.michem.co.za

Hygiene Scrub Brush

175 mm (Hard / Soft)

Professional hygiene scrub brush with durable bristles, designed for effective cleaning in food preparation and other hygiene-sensitive environments. Fully HACCP compliant and colour-coded to support cleaning-area segregation and help prevent cross-contamination. Available with hard or soft bristles to suit different cleaning requirements.

Recommended Applications & Uses:
Ideal for cleaning cutting boards, food preparation surfaces, worktops, equipment and other hard surfaces in commercial kitchens, food-processing and food-handling environments.

Available in Hygiene Colours:
Blue, White, Black, Green, Red, Yellow & Orange

Hygiene Scrub Brush

Long Handle (Hard/Soft)

Durable colour-coded hygiene scrub brush available with soft or hard bristles, fitted with a long ergonomic handle for effective cleaning of floors, walls, equipment and other hard surfaces in hygiene-sensitive environments. Designed to provide excellent cleaning performance while supporting colour-coded hygiene systems to help reduce the risk of cross-contamination.

Recommended Applications & Uses:
Ideal for scrubbing floors, walls, drains, corners, equipment, work surfaces and other hard surfaces. The soft bristle option is suitable for general cleaning, while the hard bristle option is ideal for tackling stubborn dirt, grease and food residues.

Available in Hygiene Colours:
Blue, Green, Red, White, Yellow, Orange & Black

Hygiene Scrub Brush

Short Handle (Soft / Hard)

Durable colour-coded hygiene scrub brush available with soft or hard bristles, featuring an ergonomic short handle for excellent control and precision during cleaning. Ideal for use in hygiene-sensitive environments, supporting colour-coded cleaning systems to help reduce the risk of cross-contamination.

Recommended Applications & Uses:
Ideal for cleaning equipment, work surfaces, walls, sinks, corners, drains, cutting boards and other hard surfaces. The soft bristle option is suitable for general cleaning, while the hard bristle option is designed for removing stubborn dirt, grease and food residues.

Available in Hygiene Colours:
Blue, Green, Red, White, Yellow, Orange & Black.

IDEAL FOR:
IN FOOD PROCESSING PLANTS, PACKHOUSES, BEVERAGE PLANTS, DAIRIES, ABATTOIRS, BUTCHERIES, COMMERCIAL KITCHENS AND OTHER HYGIENE-SENSITIVE ENVIRONMENTS.

MICHEM CLEANING SUPPLIES

Iron-Type Scrub Brush

Heavy-duty hand scrub brush with stiff, durable bristles and an ergonomic iron-shaped handle. The raised handle provides a secure, comfortable grip while protecting the hands and allowing direct downward pressure for powerful and effective scrubbing.

Recommended Applications & Uses:
Ideal for scrubbing floors, tiles, walls and other hard surfaces to remove stubborn dirt, grease and built-up grime.

Pipe Brush Curved

Durable curved cleaning brush with strong nylon bristles for effective scrubbing of pipes, tubes, gutters and other difficult-to-access areas. The curved design allows improved access around bends, corners and confined spaces. The brush can attach to a telescopic cleaning pole for extended-reach cleaning.

Recommended Applications & Uses:
Ideal for cleaning pipes, tubes, gutters, ducts, drains and other curved or hard-to-reach areas in commercial and industrial environments.

Polish Brush & Handle

Floor polishing brush fitted with soft synthetic bristles, a durable wooden block and a sturdy wooden handle with a wing nut fitting for secure attachment. Designed for the application, spreading and buffing of floor polishes, waxes and sealers, providing smooth, even coverage while reducing the need to bend during cleaning and maintenance.

Recommended Applications & Uses:
Ideal for applying, spreading and buffing floor polish, waxes and sealers on timber, vinyl, terrazzo, sealed concrete and other hard floor surfaces to achieve a smooth, even finish.

Polishing Brush

Hand-held polishing brush with soft synthetic bristles and a durable wooden block, designed for the application, spreading and buffing of floor polishes, waxes and sealers. The ergonomic hand strap provides a secure and comfortable grip, allowing for improved control during polishing and finishing tasks.

Recommended Applications & Uses:
Ideal for applying, spreading and buffing floor polish, waxes and sealers on timber, vinyl, sealed concrete and other hard floor surfaces to achieve a smooth, even finish.

IDEAL FOR:
HOMES, COMMERCIAL BUILDINGS, SCHOOLS, HOSPITALITY ESTABLISHMENTS, RETAIL STORES AND FLOOR MAINTENANCE APPLICATIONS.

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.
013 755 3326 www.michem.co.za

Sanitary Brush – Plastic Handle

Durable toilet brush with a long plastic handle and stiff PVC bristles designed for effective heavy-duty scrubbing. The angled brush head provides excellent reach into corners and around the toilet bowl, helping to remove stubborn stains and built-up grime.

Recommended Applications & Uses:
Ideal for cleaning toilet bowls, under rims and difficult-to-reach areas in commercial, hospitality, office and public washrooms.

Sanitary Brush – Wooden Handle

Durable toilet brush with a long wooden handle and stiff synthetic bristles for effective cleaning and scrubbing. The rounded golf-style brush head provides excellent reach and helps remove stubborn dirt, stains and built-up grime.

Recommended Applications & Uses:
Ideal for cleaning toilet bowls, under rims and other difficult-to-reach areas in commercial, hospitality, office and public washrooms.

S-Shape Arrow Scrub Brush

Durable hand scrub brush with stiff synthetic bristles and an ergonomic handle for a comfortable, secure grip. The tapered arrow-shaped design provides improved access into corners, along edges and around difficult-to-reach areas, while allowing effective pressure to be applied for thorough scrubbing.

Recommended Applications & Uses:
Ideal for scrubbing floors, tiles, walls, work surfaces, corners, edges and other hard surfaces to remove dirt, grease and stubborn grime.

S-Shape Scrub Brush – Plastic

Durable hand scrub brush with a sturdy plastic back and medium-stiff synthetic bristles. The S-shaped design provides a comfortable grip and excellent control for effective scrubbing of hard surfaces.

Recommended Applications & Uses:
Ideal for scrubbing sinks, work surfaces, equipment, walls, floors, tiles and other hard surfaces to remove dirt, grease and grime.

S-Shape Scrub Brush – Wood

Durable hand scrub brush with a strong wooden back and medium-stiff synthetic bristles. The S-shaped design provides a comfortable grip and excellent control for effective scrubbing of hard surfaces.

Recommended Applications & Uses:
Durable hand scrub brush with a strong wooden back and medium-stiff synthetic bristles. The S-shaped design provides a comfortable grip and excellent control for effective scrubbing of hard surfaces.

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.
013 755 3326 www.michem.co.za

Slimline Scrub Brush

Professional hygiene scrub brush with a narrow, slimline design for effective cleaning of tight, narrow and hard-to-reach areas. Fully HACCP compliant and colour-coded to support cleaning-area segregation and help prevent cross-contamination. Supplied with hard bristles as standard.(Soft bristles available on request).

Recommended Applications & Uses:
Ideal for cleaning around equipment, between surfaces, along edges, in narrow spaces and other difficult-to-access areas in commercial kitchens, food-processing and hygiene-sensitive environments.

Available in Hygiene Colours:
Blue, White, Black, Green, Red, Yellow & Orange

Bristles:
Hard as standard; Soft available on request

Shoe Brush

A durable wooden shoe brush designed for cleaning, applying shoe polish and buffing footwear. Features firm, hard-wearing bristles for effective removal of dirt and dust, as well as even application and polishing of shoe-care products. Ideal for maintaining and restoring the appearance of shoes and boots.

Wire Brazing Brush

Heavy-duty hand brush with durable fine wire bristles and a comfortable plastic handle for effective surface cleaning. The wire bristles provide strong scrubbing action to loosen and remove stubborn deposits, rust and built-up residue from hard surfaces.

Recommended Applications & Uses:
Ideal for removing rust, paint, scale, corrosion and stubborn grime from metal surfaces, tools, equipment and machinery.

Dusters

Feather Duster – Long

Lightweight feather duster fitted with a long wooden handle, designed to safely reach and remove dust from elevated and hard-to-access areas. The soft natural feathers attract and retain dust without scratching delicate surfaces, making it ideal for routine cleaning and general housekeeping.

Recommended Applications & Uses:
Ideal for dusting ceilings, ceiling fans, light fittings, high shelving, blinds, curtain rails, air vents and other elevated or hard-to-reach surfaces.

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.
013 755 3326 www.michem.co.za

Feather Duster – Short

Lightweight feather duster with a durable wooden handle, designed for the gentle removal of dust from delicate and hard-to-reach surfaces. The soft natural feathers attract and retain dust without scratching, making it ideal for routine cleaning in homes, offices and commercial environments.

Recommended Applications & Uses:
Ideal for dusting furniture, shelving, ornaments, light fittings, electronics, blinds, picture frames and other delicate or hard-to-reach surfaces.

Feather Duster – Synthetic

Lightweight synthetic feather duster fitted with durable, dust-attracting synthetic fibres and a sturdy plastic handle. Designed to effectively lift and retain dust from elevated and hard-to-reach surfaces while providing long-lasting performance and ease of use for routine cleaning.

Recommended Applications & Uses:
Ideal for dusting ceilings, ceiling fans, light fittings, high shelving, blinds, curtain rails, air vents and other elevated or hard-to-reach surfaces.

Flick Duster

WITH EXTENDED HANDLE

Lightweight flick duster fitted with soft synthetic fibres and an extendable handle, designed to effectively attract and retain dust from both nearby and hard-to-reach surfaces. The extendable handle provides added reach, making routine dusting quicker, safer and more efficient.

Recommended Applications & Uses:
Ideal for dusting furniture, shelving, blinds, ceiling fans, light fittings, curtain rails, air vents and other elevated or hard-to-reach surfaces.

Microfibre Duster

WITH EXTENDABLE HANDLE & FLEXIBLE HEAD

Lightweight microfibre chenille duster featuring an extendable handle and a flexible, bendable head for effective dust removal from both nearby and hard-to-reach areas. The soft microfibre fibres attract and retain dust, dirt and allergens without scratching surfaces, while the washable and reusable design provides long-lasting cleaning performance.

Recommended Applications & Uses:
Ideal for dusting furniture, shelving, ceiling fans, light fittings, blinds, curtain rails, air vents, high ceilings and other elevated or hard-to-reach surfaces.

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.
013 755 3326 www.michem.co.za

Dustpans

Dustpan & Whisk Broom Set

Heavy-duty dustpan and whisk broom set featuring a large-capacity dustpan, 600mm handle and 1.2m whisk broom handle for comfortable upright cleaning. Designed to reduce bending while providing efficient collection of dust, dirt and general debris in commercial and industrial environments.

Recommended Applications & Uses:
Ideal for collecting dust, dirt, leaves, paper and general debris from hard floor surfaces in commercial, industrial and public areas.

IDEAL FOR:
SHOPPING CENTRES, SCHOOLS, WAREHOUSES, FACTORIES, RETAIL STORES, COMMERCIAL BUILDINGS AND CONTRACT CLEANING APPLICATIONS.

Dustpan Set

Lightweight and durable plastic dustpan and brush set designed for the quick and efficient collection of dust, dirt and small debris. The compact design makes it ideal for everyday cleaning in domestic, commercial and office environments.

Recommended Applications & Uses:
Ideal for collecting dust, dirt, crumbs, paper, hair and other small debris from hard floor surfaces during routine cleaning.

IDEAL FOR:
HOMES, OFFICES, SCHOOLS, RETAIL STORES, WORKSHOPS AND GENERAL CLEANING APPLICATIONS.

Hygiene Dustpan

Colour-coded hygiene dustpan manufactured from durable plastic, designed for the safe collection and disposal of dust, dirt and food debris in hygiene-sensitive environments. Supports colour-coded cleaning systems to help reduce the risk of cross-contamination between designated work areas.

Recommended Applications & Uses:
Ideal for collecting dust, dirt, food waste and general debris from floors and work areas while supporting colour-coded hygiene management systems.

Available in Hygiene Colours:
Red, Blue, Green, Yellow, Orange, White & Black

IDEAL FOR:
FOOD PROCESSING PLANTS, PACKHOUSES, BEVERAGE PLANTS, DAIRIES, ABATTOIRS, BUTCHERIES, COMMERCIAL KITCHENS AND OTHER HYGIENE-SENSITIVE ENVIRONMENTS.

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.
013 755 3326 www.michem.co.za

Metal Dustpan

Heavy-duty metal dustpan with a strong, durable construction for reliable collection of dust, dirt and debris. The wide-mouth design makes sweeping debris into the pan quick and easy, while the raised sides help contain collected material. Fitted with a sturdy top handle for convenient handling and emptying.

Recommended Applications & Uses:
Ideal for general and heavy-duty sweeping applications in workshops, warehouses, factories, kitchens, commercial premises and other industrial cleaning environments.

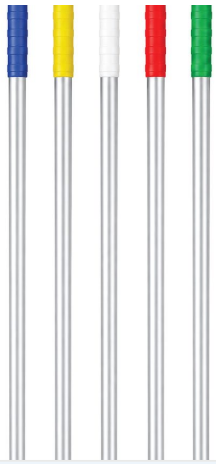

Metal Dustpan – Blue

Durable heavy-duty dustpan manufactured from sturdy steel with a blue painted finish. The wide-mouth design allows for quick and efficient collection of dust, dirt and larger debris, while the robust construction makes it suitable for frequent use in demanding cleaning environments.

Recommended Applications & Uses:
Ideal for general sweeping and debris collection in workshops, warehouses, factories, commercial premises, kitchens and other industrial or general cleaning environments.

Mops

Hygiene Mop Handle

AVAILABLE IN 1.3M & 1.5M LENGTHS

Lightweight and durable aluminium mop handle fitted with a colour-coded plastic grip and mop clip, available in Red, Green, Blue, Yellow, Black, White and Orange to support colour-coded cleaning and hygiene management systems. Designed for use with Hygiene Mop Heads and Spunlace Mop Heads, providing a secure fit and comfortable handling in food processing, commercial and industriaal cleaning environments.

Recommended Applications & Uses:
Designed for use with hygiene mop heads and spunlace mop heads for effective floor cleaning, spill removal and sanitation in commercial, industrial and food-processing environments.

Available in Hygiene Colours:
Red, Green, Blue, Yellow, Black, White & Orange.

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.
013 755 3326 www.michem.co.za

Hygiene Mop Head – 400g

Colour-coded 400g hygiene mop head designed for effective floor cleaning in hygiene-sensitive environments. Available in multiple colours to support colour-coded cleaning systems and help reduce the risk of cross-contamination between work areas.

Recommended Applications & Uses:
Ideal for floor cleaning, spill removal and sanitation tasks in food-processing, commercial and industrial environments where colour-coded cleaning systems are required.

Available in Hygiene Colours:
Blue, Green, Red, White, Yellow Orange & Black.

Compatible With:
Aluminium Handle with Spring Clip – 1.3m, wringer mop handle aluminium 1.5m with spring clip and Hygiene Mop Handles – 1.3m & 1.5m.

Spunlace Mop Head – 250g

High-quality spunlace mop head designed for effective cleaning in hygiene-sensitive environments. Manufactured from low-linting spunlace material, it provides excellent absorbency and dirt pick-up while drying faster than traditional cotton yarn mops. Colour-coded for improved hygiene control and cross-contamination prevention, making it ideal for food processing, healthcare and commercial cleaning applications.

Recommended Applications & Uses:
Ideal for cleaning and sanitising floors, removing spills and maintaining hygienic conditions in commercial, industrial and food-processing environments.

Available in Hygiene Colours:
Red, Green, Blue, Yellow, Black, White & Orange.

Jumbo Mop – 400g

Heavy-duty 400g round cotton mop fitted with a metal socket and wooden handle. The larger mop head provides increased absorbency and floor coverage, making it suitable for larger cleaning areas and more demanding cleaning tasks.

Recommended Applications & Uses:
Ideal for wet mopping, spill removal and routine floor cleaning in medium to large commercial and industrial areas.

IDEAL FOR:
HOMES, OFFICES, SCHOOLS, FACTORIES, WAREHOUSES, WORKSHOPS, HOSPITALITY E STABLISHMENTS AND COMMERCIAL CLEANING ENVIRONMENTS.

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.
013 755 3326 www.michem.co.za

Maxi Mop – 40cm Drop (400g)

Heavy-duty cotton mop featuring long 40cm strands, a metal socket and a 1.2m wooden handle. The longer fibres provide increased floor contact and absorbency, making it suitable for cleaning larger floor areas efficiently.

Recommended Applications & Uses:
Ideal for wet mopping, spill removal and routine floor cleaning of large hard floor surfaces in commercial and industrial environments.

IDEAL FOR:
WAREHOUSES, FACTORIES, WORKSHOPS, SCHOOLS, COMMERCIAL BUILDINGS AND GENERAL CLEANING APPLICATIONS.

Medium Mop – 200g

Durable 200g round cotton mop fitted with a metal socket and wooden handle. Designed for effective floor cleaning, spill removal and general maintenance in domestic and light commercial environments.

Recommended Applications & Uses:
Ideal for wet mopping, spill removal and routine floor cleaning on tiled, sealed concrete, vinyl and other hard floor surfaces.

IDEAL FOR:
HOMES, OFFICES, SCHOOLS, SMALL RETAIL STORES AND GENERAL CLEANING APPLICATIONS.

Supa Round Mop – 500g

Extra-large 500g round cotton mop fitted with a metal socket and wooden handle. Designed for maximum absorbency and efficient cleaning of large floor areas where durability and cleaning performance are required.

Recommended Applications & Uses:
Ideal for wet mopping, spill removal and cleaning large floor areas in commercial, industrial and institutional environments.

IDEAL FOR:
FACTORIES, WAREHOUSES, WORKSHOPS, SCHOOLS, COMMERCIAL BUILDINGS AND INDUSTRIAL CLEANING APPLICATIONS.

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.
013 755 3326 www.michem.co.za

Mop Sweeper Complete – 1.3m Aluminium Handle

AVAILABLE WITH 60CM, 80CM & 100CM MOP SWEEPER FRAME

Complete mop sweeper fitted with a lightweight 1.3m aluminium handle, durable mop frame and dust-collecting sleeve. Designed for the efficient removal of dust, dirt and loose debris from large floor areas while reducing airborne dust during cleaning.

Recommended Applications & Uses:
Ideal for dry sweeping, dust control and routine floor maintenance on tiled, vinyl, epoxy, sealed concrete and other smooth hard floor surfaces.

IDEAL FOR:
SCHOOLS, OFFICES, HOSPITALS, WAREHOUSES, FACTORIES, RETAIL STORES AND OTHER FACILITIES WITH LARGE SMOOTH FLOOR AREAS.

Mop Sweeper Sleeve

AVAILABLE IN 60CM, 80CM & 100CM

High-quality replacement mop sweeper sleeve designed to effectively attract, collect and retain dust, dirt and loose debris. Suitable for use with compatible mop sweeper frames and ideal for maintaining large floor areas with minimal dust disturbance.

Recommended Applications & Uses:
Ideal for dry sweeping, dust control and routine floor maintenance on tiled, vinyl, epoxy, sealed concrete and other smooth hard floor surfaces.

IDEAL FOR:
SCHOOLS, OFFICES, HOSPITALS, WAREHOUSES, FACTORIES, RETAIL STORES AND COMMERCIAL CLEANING ENVIRONMENTS.

Pulse Mop Kit – 40cm

The Pulse Mop Kit is a professional bucketless floor cleaning system featuring a built-in 0.6L solution reservoir and ergonomic trigger handle for controlled dispensing of cleaning solution. The lightweight aluminium construction and 40cm microfibre frame provide efficient cleaning while reducing water and chemical usage, making it ideal for commercial and institutional environments.

Recommended Applications & Uses:
Ideal for daily floor cleaning, spot cleaning and maintenance cleaning of tiled, vinyl, sealed concrete, epoxy and other hard floor surfaces.

IDEAL FOR:
HOSPITALS, HEALTHCARE FACILITIES, SCHOOLS, OFFICES, HOSPITALITY ESTABLISHMENTS, FOOD SERVICE AREAS AND COMMERCIAL CLEANING ENVIRONMENTS.

Universal Handle

Lightweight aluminium handle designed for use with the Pulse Mop Frame. Durable and easy to manoeuvre, providing comfortable handling for efficient floor cleaning.

Pulse Mop Frame – 40cm

Durable 40cm aluminium Velcro mop frame designed for use with the Pulse Mop System and compatible microfibre mop sleeves. The low-profile design provides excellent manoeuvrability and effective floor contact for efficient cleaning performance.

Recommended Applications & Uses:
Designed for use with compatible microfibre mop sleeves for routine floor cleaning and maintenance of hard floor surfaces.

IDEAL FOR:
HEALTHCARE FACILITIES, SCHOOLS, OFFICES, HOSPITALITY ESTABLISHMENTS AND COMMERCIAL CLEANING ENVIRONMENTS.

Pulse Mop Microfiber Sleeve

High-performance 40cm microfibre wet mop sleeve designed to effectively remove dirt, grease and contaminants from hard floor surfaces. The durable microfibre construction provides excellent absorbency and cleaning performance while reducing water and chemical consumption. Features a Velcro backing for secure attachment to the Pulse Mop Frame 40cm.

Recommended Applications & Uses:
Ideal for wet mopping, maintenance cleaning and daily floor care on tiled, vinyl, epoxy, sealed concrete and other hard floor surfaces.

Compatible With:
Pulse Mop Frame – 40cm

Pulse Mop Caddy – 7.5L

High-capacity 7.5L refill caddy designed specifically for the Pulse Mop System. The caddy allows quick and convenient refilling of Pulse Mop reservoirs, reducing downtime and improving cleaning productivity in large facilities. A full caddy can refill a Pulse Mop up to 12 times and is capable of supporting cleaning of up to approximately 1000m² of floor area.

Recommended Applications & Uses:
Designed for the safe storage and efficient dispensing of cleaning solutions when refilling Rubbermaid Pulse Mop systems in medium to large facilities.

Wringer Mop Handle – 1.3m Aluminium with Spring Clip

Durable 1.3m aluminium handle fitted with a robust spring clip mechanism for securely attaching compatible mop heads. The lightweight construction provides comfortable handling while offering the strength required for daily cleaning tasks.

Recommended Applications & Uses:
Suitable for use with compatible mop heads for routine floor cleaning, spill removal and maintenance cleaning in commercial, industrial and hygiene-sensitive environments.

IDEAL FOR:
FOOD PROCESSING PLANTS, PACKHOUSES, BEVERAGE PLANTS, DAIRIES, COMMERCIAL KITCHENS, HOSPITALS, SCHOOLS, FACTORIES, WAREHOUSES AND OTHER COMMERCIAL, INDUSTRIAL OR INSTITUTIONAL CLEANING ENVIRONMENTS.

Wringer Mop Handle – 1.5m Aluminium

Lightweight and durable 1.5m aluminium handle fitted with a traditional wringer mop clip for securely holding wringer mop heads during cleaning. Designed to provide excellent control, durability and ease of use in commercial, industrial, institutional and food-processing environments.

Recommended Applications & Uses:
Designed for use with wringer mop heads for effective floor cleaning, spill removal and routine maintenance in commercial, industrial and hygiene-sensitive environments.

IDEAL FOR:
FOOD PROCESSING PLANTS, PACKHOUSES, BEVERAGE PLANTS, DAIRIES, COMMERCIAL KITCHENS, HOSPITALS, SCHOOLS, FACTORIES, WAREHOUSES, HOSPITALITY ESTABLISHMENTS AND GENERAL CLEANING APPLICATIONS.

Wringer Mop Handle – Wood 1.5m

Durable 1.5m wooden handle fitted with a traditional wringer mop clip for securely holding wringer mop heads during cleaning. Designed to provide reliable performance and comfortable handling for daily floor cleaning, spill removal and general maintenance applications.

Recommended Applications & Uses:
Designed for use with wringer mop heads for effective floor cleaning, spill removal and routine maintenance in commercial, industrial and institutional environments.

IDEAL FOR:
COMMERCIAL BUILDINGS, SCHOOLS, HOSPITALITY ESTABLISHMENTS, FACTORIES, WAREHOUSES AND GENERAL CLEANING APPLICATIONS WHERE A STURDY AND ECONOMICAL MOP HANDLE IS REQUIRED.

Wringer Mop Head – 400g

Durable 400g cotton wringer mop head designed for excellent absorbency and effective floor cleaning in commercial, industrial and institutional environments. Suitable for removing spills, dirt and excess moisture from a variety of floor surfaces.

Recommended Applications & Uses:
Ideal for floor cleaning, spill removal and routine maintenance in commercial, industrial and institutional environments.

Compatible With:
Wringer Mop Handle – Aluminium 1.5m; wringer mop handle aluminium 1.3 with spring clip and Wringer Mop Handle – Wood 1.5m.

IDEAL FOR:
COMMERCIAL BUILDINGS, SCHOOLS, HOSPITALITY ESTABLISHMENTS, FACTORIES, WAREHOUSES AND GENERAL CLEANING APPLICATIONS WHERE A STURDY AND ECONOMICAL MOP HANDLE IS REQUIRED.

Squeegees

Floor Squeegee

Available in 450mm & 600mm

Heavy-duty floor squeegee with an all-metal frame and durable metal handle, designed for the rapid removal of water, cleaning solutions and liquid spills from large floor areas. The robust construction provides excellent durability for demanding commercial and industrial cleaning applications.

Recommended Applications & Uses:
Ideal for removing water, cleaning solutions and liquid spills from concrete, tiled, epoxy and other hard floor surfaces following washing or maintenance cleaning.

Hygiene Floor Squeegee

Available with 1.3m & 1.5m Handles

Colour-coded hygiene floor squeegee fitted with a durable rubber blade and available with a 1.3m or 1.5m handle, designed for the efficient removal of water, cleaning solutions and liquid spills from smooth floor surfaces. Supports colour-coded cleaning systems to help reduce the risk of cross-contamination in hygiene-sensitive environments.

Recommended Applications & Uses:
Ideal for removing water, cleaning solutions and liquid spills from tiled, epoxy, sealed concrete and other smooth floor surfaces following washing and sanitising.

Available in Hygiene Colours:
White, Blue, Green, Red, Black, Yellow & Orange

Window Washers

Car Window Squeegee

Lightweight all-plastic window squeegee fitted with a durable rubber blade, designed for the quick and efficient removal of water from vehicle windscreens, windows and other smooth glass surfaces. The ergonomic handle provides a comfortable grip, helping to achieve a clean, streak-free finish.

Recommended Applications & Uses:
Ideal for removing water and cleaning solutions from vehicle windscreens, side windows, mirrors and other smooth glass surfaces for a streak-free finish.

Telepole

Available Sizes: 2 × 1.25m (Extends to 2.5m), 2 × 2m (Extends to 4m) 2 × 3m (Extends to 6m), 3 × 3m (Extends to 9m)

Professional-grade lightweight aluminium telescopic extension pole designed for safe and efficient cleaning of elevated windows and hard-to-reach surfaces. Available in a range of section configurations and extended lengths, each pole features secure locking mechanisms for maximum stability and control during use. Compatible with the Visa Versa 35cm and 40cm window cleaning heads, these extension poles allow professional cleaning at height while reducing the need for ladders.

Recommended Applications & Uses:
Ideal for cleaning high windows, glass doors, shopfronts, curtain walls, skylights, solar panels and other elevated smooth surfaces when used with the Visa Versa 35cm or 40cm window cleaning heads.

IDEAL FOR:
CLEANING HIGH WINDOWS, GLASS DOORS, SHOPFRONTS, CURTAIN WALLS, SKYLIGHTS, SOLAR PANELS AND OTHER ELEVATED SMOOTH SURFACES WHEN USED WITH THE VISA VERSA 35CM OR 40CM WINDOW CLEANING HEADS.

Visa Versa 35cm (White)

35cm Visa Versa Window Washer & Squeegee

A lightweight professional window cleaning tool featuring an integrated washer and squeegee for quick, efficient glass cleaning. The soft whitewasher sleeve removes dust, dirt and grime with ease, while the natural rubber squeegee blade delivers a smooth, streak-free finish. Perfect for professional window cleaners, hospitality, healthcare and general facility maintenance.

Features:
Compatible with standard extension poles (telepole) for high-level cleaning

Recommended Applications & Uses:
Ideal for washing and squeegeeing windows, glass doors, shopfronts, mirrors and other smooth glass surfaces in a single operation, providing professional, streak-free cleaning results.

Visa Versa 40cm (Brown)

40cm Visa Versa Window Washer & Squeegee

A professional all-in-one window cleaning tool that combines a premium cotton/polyester washer sleeve and high-quality rubber squeegee in a single unit. The washer sleeve effectively loosens and lifts dirt, grease and grime, while the precision rubber blade leaves windows clean and streak-free. Ideal for commercial cleaners, contract cleaning companies and facilities maintenance where fast, efficient window cleaning is required.

Features:
Fits standard tele extension poles (telepole)

Recommended Applications & Uses:
Ideal for washing and squeegeeing windows, glass doors, shopfronts, mirrors and other smooth glass surfaces in a single operation, providing professional, streak-free cleaning results.

Visa Versa Sleeve Only – 35 cm (White)

Replacement white washer sleeve designed for the 35 cm Visa Versa Window Washer & Squeegee. The soft, absorbent material effectively loosens and lifts dust, dirt and grime from glass surfaces, providing efficient washing before squeegeeing.

Recommended Applications & Uses:
Ideal as a replacement sleeve for professional window, glass door, shopfront and mirror cleaning in commercial, hospitality and general facility maintenance environments.

Visa Versa Sleeve Only – 40 cm (Brown)

Replacement brown washer sleeve designed for the 40 cm Visa Versa Window Washer & Squeegee. The durable, absorbent material effectively loosens and lifts dust, dirt, grease and grime from glass surfaces for efficient professional window cleaning.

Recommended Applications & Uses:
Ideal as a replacement sleeve for cleaning windows, glass doors, shopfronts, mirrors and other smooth glass surfaces in commercial and professional cleaning environments.

Window Washer – 2.1m

Professional window washer fitted with a highly absorbent washing sleeve and a lightweight 2.1m handle, designed for the effective removal of dirt, dust and grime from glass surfaces. The extended handle provides easy access to high windows and hard-to-reach areas, making window cleaning safer and more efficient.

Recommended Applications & Uses:
Ideal for washing windows, glass doors, shopfronts, mirrors, skylights and other smooth glass surfaces before drying with a window squeegee for a streak-free finish.

IDEAL FOR:
COMMERCIAL BUILDINGS, OFFICES, RETAIL STORES, HOTELS, SCHOOLS, SHOPPING CENTRES, HOMES AND PROFESSIONAL WINDOW CLEANING APPLICATIONS.

Window Washer Academy

Available in 1.1m & 2.1m

Professional window washer fitted with a highly absorbent sleeve, designed to effectively remove dirt, dust and grime from windows and other smooth glass surfaces. Available with either a 1.1m or 2.1m handle, providing comfortable cleaning of both nearby and elevated areas while delivering excellent cleaning performance.

Recommended Applications & Uses:
Ideal for washing windows, glass doors, shopfronts, mirrors, skylights and other smooth glass surfaces prior to drying with a window squeegee for a streak-free finish.

IDEAL FOR:
COMMERCIAL BUILDINGS, OFFICES, RETAIL STORES, HOTELS, SCHOOLS, SHOPPING CENTRES, HOMES AND PROFESSIONAL WINDOW CLEANING APPLICATIONS.

Other

Applicator Complete

Professional floor finish applicator fitted with a 30cm synthetic applicator pad and a durable wooden handle, designed for the smooth and even application of floor sealers, polishes and protective floor finishes. The highly absorbent pad ensures consistent product distribution, helping to achieve a smooth, streak-free finish while reducing product wastage.

Recommended Applications & Uses:
Ideal for applying Glossbrite polymer floor dressing and other protective floor coatings evenly

IDEAL FOR:
COMMERCIAL BUILDINGS, SCHOOLS, HOSPITALS, OFFICES, SHOPPING CENTRES, HOTELS AND OTHER FACILITIES REQUIRING THE APPLICATION OF FLOOR SEALERS AND FLOOR POLISHES.

Applicator Pad – 30cm

Replacement 30cm synthetic applicator pad designed for the smooth and even application of floor sealers, polishes and protective floor finishes. The highly absorbent pad provides consistent product distribution, helping to achieve a smooth, streak-free finish while minimising product wastage. Compatible with the 30cm Applicator Complete.

IDEAL FOR:
COMMERCIAL BUILDINGS, SCHOOLS, HOSPITALS, OFFICES, SHOPPING CENTRES, HOTELS AND OTHER FACILITIES REQUIRING THE APPLICATION OF FLOOR SEALERS AND FLOOR POLISHES.

Plastic Delta Rake – Large

Heavy-duty plastic delta rake with a wide triangular head, designed for the efficient collection of leaves, grass clippings and other garden debris. The durable, lightweight construction provides excellent strength and flexibility, making it easy to cover large areas while reducing user fatigue.

Recommended Applications & Uses:
Ideal for raking leaves, grass clippings, twigs and other light garden debris from lawns, flower beds, pathways and other outdoor areas to maintain neat and tidy landscapes.

IDEAL FOR:
GARDENS, PARKS, SCHOOLS, ESTATES, GOLF COURSES, MUNICIPAL GROUNDS, LANDSCAPING AND GENERAL OUTDOOR MAINTENANCE.

Toilet Brush Set – Round

Durable toilet brush set featuring a round hygienic storage holder and a sturdy brush with durable bristles for effective cleaning of toilet bowls and under-rim areas. The enclosed holder keeps the brush neatly stored when not in use, helping to maintain a clean and organised washroom.

Recommended Applications & Uses:
Designed for cleaning toilet bowls, under-rim areas and other hard-to-reach surfaces, helping to maintain high standards of washroom hygiene.

IDEAL FOR:
HOMES, OFFICES, HOTELS, GUEST HOUSES, SCHOOLS, HOSPITALS, RESTAURANTS AND OTHER COMMERCIAL WASHROOM FACILITIES.

Toilet Brush Set – Square

Modern toilet brush set featuring a square hygienic storage holder and a sturdy brush with durable bristles for effective cleaning of toilet bowls and under-rim areas. The enclosed holder provides neat, discreet storage while helping to keep washrooms clean, organised and hygienic.

Recommended Applications & Uses:
Designed for cleaning toilet bowls, under-rim areas and other hard-to-reach surfaces, helping to maintain high standards of washroom hygiene.

IDEAL FOR:
HOMES, OFFICES, HOTELS, GUEST HOUSES, SCHOOLS, HOSPITALS, RESTAURANTS AND OTHER COMMERCIAL WASHROOM FACILITIES.

Wall Rail

Available Sizes: • 50cm – Holds up to 3 hygiene tools, 90cm – Holds up to 5 hygiene tools

Heavy-duty aluminium wall rail designed for the hygienic storage and organisation of cleaning equipment. Fitted with durable rubber grip brackets that securely hold handles in place, keeping brooms, mops, squeegees and brushes off the floor for improved hygiene, safety and easy access.

Recommended Applications & Uses:
Designed for storing hygiene brooms, brushes, mops, squeegees and other handled cleaning tools, helping to maximise storage space while promoting good housekeeping and hygiene practices.

IDEAL FOR:
FOOD PROCESSING PLANTS, COMMERCIAL KITCHENS, HOSPITALS, SCHOOLS, WAREHOUSES, FACTORIES, CLEANING CUPBOARDS AND OTHER FACILITIES REQUIRING ORGANISED STORAGE OF CLEANING EQUIPMENT.

Wet Floor Sign

Highly visible folding wet floor sign designed to warn pedestrians of slippery floor conditions and help prevent slips, trips and falls. Manufactured from durable, lightweight plastic, the sign is easy to deploy, transport and store, making it ideal for use during routine cleaning and maintenance.

Recommended Applications & Uses:
Designed to alert staff, customers and visitors to wet or hazardous floor conditions during cleaning, spill response and maintenance activities, helping to improve workplace safety and reduce the risk of accidents.

IDEAL FOR:
OFFICES, SHOPPING CENTRES, SCHOOLS, HOSPITALS, HOTELS, RESTAURANTS, WAREHOUSES, FACTORIES AND OTHER COMMERCIAL OR PUBLIC FACILITIES.
