Hygiene Bucket & Lid

Durable, colour-coded hygiene bucket supplied with a secure-fitting lid and convenient carry handle. Ideal for use in professional cleaning, food processing, hospitality, healthcare and other hygiene-sensitive environments. The colour-coded design helps support HACCP cleaning systems by allowing buckets to be allocated to specific areas or applications, reducing the risk of cross-contamination.

Manufactured from durable plastic for regular commercial use and easy cleaning.

Available Sizes: 5L, 10L & 25L (Black – 20L)
Available Colours: Red, Blue, Green, White, Black, Orange & Yellow

Heavy Duty Plastic Bucket – 6L & 12.5L

Heavy-duty plastic bucket designed for professional cleaning, hygiene and food-processing environments. Manufactured from durable plastic for long-lasting daily use, the rectangular design includes a convenient pouring lip for controlled dispensing and internal measurement markings for accurate dilution and mixing of cleaning chemicals. Available in a range of hygiene colours to support colour-coded cleaning systems, helping to separate cleaning zones and reduce the risk of cross-contamination.

Available Sizes: 6L & 12.5L
Available Colours: Red, Blue, Green, Yellow, White, Orange & Black

Cloth & Utensil Buckets

Colour-coded Cloth & Utensil Buckets designed to support effective hygiene practices and a Clean-As-You-Go system in kitchens, food preparation and food-processing environments. Available in all hygiene colours, the buckets can be allocated to specific areas or tasks to help reduce the risk of cross-contamination.

Cloth Bucket: Ideal for soaking cleaning cloths in a prepared disinfectant solution of Microbax10. Cloths can be used to wipe surfaces and returned to the solution between uses, helping to maintain good hygiene throughout food preparation and cleaning activities.

Utensil Bucket: Ideal for soaking knives and other suitable food-preparation utensils in a prepared disinfectant solution of Microbax10. Utensils can be returned to the solution between uses as part of an established cleaning and disinfection procedure.

Available Colours: Red, Blue, Green, Yellow, White, Orange & Black

Household Bucket – 9L

A practical and durable 9L plastic bucket suitable for a wide range of everyday household and general cleaning tasks. Ideal for mopping, washing, rinsing, carrying water and other routine cleaning applications. Lightweight and easy to handle, with a convenient carry handle for easy transportation.

Capacity: 9L

Builders Bucket

A strong and durable plastic bucket designed for demanding construction, industrial and general-purpose applications. Ideal for carrying and mixing materials such as cement, mortar, plaster, grout and water, as well as for general cleaning and maintenance tasks. Its heavy-duty construction is designed to withstand regular use on building sites, in workshops and other tough working environments.

Waste Paper Bin (Black)

A practical and durable plastic waste paper bin designed for convenient everyday waste disposal. Ideal for offices, classrooms, reception areas, bathrooms and other general-purpose environments. A simple and reliable solution for collecting paper and other light, non-hazardous waste.

Refuse Bin & Lid

A strong and durable plastic dustbin designed for everyday waste collection in commercial, industrial and public environments. Manufactured from robust plastic for long-lasting use, it features convenient carry handles on both sides for easy lifting, handling and emptying. Its ideal for high-traffic areas and general waste disposal, both indoors and outdoors.

Wheelie Bins – 120L & 240L

Heavy-duty plastic wheelie bins designed for convenient and hygienic waste collection in commercial, industrial, hospitality, food-processing and general cleaning environments. Fitted with a secure lid, sturdy wheels and an easy-grip handle, the bins can be moved and emptied with ease, even when carrying larger volumes of waste.

Available in a range of hygiene colours to support colour-coded waste management and help separate different waste streams or designated areas. The durable, easy-to-clean construction makes them suitable for regular indoor and outdoor use.

Available Sizes: 120L & 240L
Available Colours: Red, Blue, Green, Yellow, White, Orange & Black
