Dry Vacuum Cleaners

Numatic PRP180-11 ProSave Dry Vacuum – 8L

Compact professional dry vacuum designed for reliable everyday commercial cleaning. Features a high-efficiency 620W motor, 8L capacity and advanced HepaFlo filtration for improved filtration, cleanliness and capacity. The 26.4m cleaning range and convenient on-board cable and floor-tool storage make it practical for offices, hospitality, retail and general commercial cleaning. The NuPlug cable system allows for quick and easy cable replacement.

620W | 8L Capacity | 26.4m Range | HepaFlo Filtration

Dimensions: 340 x 360 x 360mm

Numatic PRP370-11 ProSave Dry Vacuum – 15L

High-capacity professional dry vacuum offering powerful, energy-efficient cleaning for larger commercial areas. Equipped with a high-efficiency 620W motor, generous 15L capacity and HepaFlo filtration for improved filtration and cleaner, more convenient emptying. Features a 26.4m cleaning range, and NuPlug system for quick and simple cable replacement. Ideal for offices, schools, hospitality, retail and other high-use environments.

620W | 15L Capacity | 26.4m Range | HepaFlo Filtration

Dimensions: 360 x 370 x 510mm

Numatic NVQ900-2 Structofoam Dry Vacuum – 40L

Heavy-duty industrial dry vacuum built for demanding, high-volume cleaning applications. Features a durable Structofoam construction, large 40L capacity and powerful 960W TwinFlo 2-stage industrial motor for reliable extended use. AirFlo technology and HepaFlo filtration enhance cleaning performance, while the large wheels and directional front castors provide excellent mobility. Ideal for industrial facilities, workshops, warehouses and other demanding commercial environments.

960W | 40L Capacity | 26.8m Range | Heavy-Duty Structofoam Construction

Dimensions: 800 x 490 x 880mm

Numatic Quick Cordless Dry Vacuum

Lightweight cordless stick vacuum designed for fast, convenient everyday cleaning. The high-efficiency Pod system provides one-click, dust-free emptying with no filters to clean, helping minimise contact with collected dust. Supplied with 2 interchangeable batteries, providing up to 60 minutes runtime per battery, and features an ergonomic handle for comfortable extended use. Ideal for quick cleaning in offices, hospitality, retail and other commercial environments.

300W | 1L Pod Capacity | Up to 60 Min Runtime per Battery | 2 Batteries

Filter Bags

Numatic HepaFlo Filter Bags – Pack of 10

High-efficiency triple-layer vacuum filter bags designed to maximise filtration, airflow and usable capacity while helping maintain optimum vacuum performance. The self-sealing closure securely traps collected dust and fine particles inside the bag, allowing for clean, hygienic and dust-free disposal. Genuine Numatic HepaFlo bags also help protect the vacuum and maintain consistent suction and filtration performance.

Triple-Layer Filtration | Self-Sealing | High Capacity | Clean & Hygienic Disposal | Pack of 10

HepaFlo Bag	Pack	Compatible Machines
NVM-1CH	10	PRP180-11 and other Numatic 180/240-size dry vacuums
NVM-2BH	10	PRP370-11, WV370-2 and other 370/380-size machines
NVM-3AH	10	WV470-2 and other 470-size machines
NVM-4BH	10	NVQ900-2 and other 900-size machines

Wet or Dry Vacuums

Kingfisher Wet & Dry Vacuum – 15L

Compact and versatile wet & dry vacuum cleaner designed for everyday commercial cleaning. Powered by a 1000W 2-stage motor, it is suitable for vacuuming both dry dust and debris as well as water and liquid spills. The 15L capacity provides a practical balance between portability and cleaning capacity, while the 7m power cable allows for convenient movement around the cleaning area. Ideal for offices, workshops, hospitality, retail and general cleaning applications.

1000W | 15L Capacity | 2-Stage Motor | Wet & Dry Cleaning | 7m Cable

Suitable For: Dry Vacuuming | Liquid Pick-Up | Spill Cleaning | General Commercial Cleaning

Kingfisher Wet & Dry Vacuum – 30L Stainless Steel

High-capacity professional wet & dry vacuum cleaner designed for more demanding cleaning applications. Powered by a 1000W motor, it provides effective vacuuming of both dry dirt and liquid spills, while the durable 30L stainless-steel tank offers increased capacity for larger cleaning tasks. Supplied with a 2.6m hose for convenient cleaning access and ideal for commercial, industrial, workshop and general maintenance environments.

1000W | 30L Capacity | Stainless-Steel Tank | 2.6m Hose | Wet & Dry Cleaning

Suitable For: Dry Vacuuming | Liquid Pick-Up | Larger Spills | Workshops | Commercial & Industrial Cleaning

Numatic WV370-2 Wet & Dry Vacuum

Compact professional wet or dry vacuum designed for versatile everyday cleaning. Powered by a 1060W TwinFlo bypass motor, it delivers strong suction for both dry debris and liquid pick-up. Switching between wet and dry operation is quick and simple, while its compact design and easy-carry handle make it convenient to transport and store. Ideal for commercial cleaning, hospitality, workshops and general maintenance applications.

1060W | 15L Dry / 9L Wet Capacity | 26.8m Range | Wet & Dry Cleaning

Dimensions: 355 x 355 x 510mm

Numatic WV470-2 Wet & Dry Vacuum

High-capacity professional wet or dry vacuum offering powerful cleaning performance with increased capacity for larger cleaning tasks. Features a 1060W motor, generous 27L dry and 20L wet capacity, and a folding handle with large rear wheels for easy movement and compact storage. Designed to reduce the need for frequent emptying, making it ideal for commercial, industrial and high-use cleaning environments.

1060W | 27L Dry / 20L Wet Capacity | 26.8m Range | Folding Handle

Dimensions: 358 x 450 x 710mm

Numatic CVD900-2 Heavy-Duty Wet & Dry Vacuum

Heavy-duty, high-capacity wet and dry vacuum designed for demanding commercial and industrial cleaning. Equipped with twin 1060W motors and rugged Structofoam construction for powerful, reliable performance in tough working environments. The 30L wet and 30L dry capacity handles large cleaning tasks with ease, while the dual washable filter system allows convenient switching between wet and dry pick-up without changing filters. An integrated tipping handle also makes emptying the machine easier and cleaner.

2 × 1060W | 30L Dry / 30L Wet Capacity | 26.8m Range | Heavy-Duty Structofoam Construction

Dimensions: 800 x 490 x 880mm

Carpet Extractors

Numatic CT370-2 Carpet Extractor

Compact professional carpet and upholstery extractor designed for effective deep cleaning in commercial environments. The PowerFlo pump system sprays cleaning solution deep into carpet fibres while the powerful TwinFlo bypass motor extracts the solution together with loosened dirt. Its convenient tank-within-a-tank design makes filling and changing the solution quick and easy. Suitable for carpets, upholstery and vehicle valeting, with wet pick-up capability for added versatility.

1060W | 9L Wet Capacity | 6L Extraction Tank | 26.8m Range | Carpet & Upholstery Extraction

Dimensions: 355 x 355 x 510mm

Numatic CT470-2 Carpet Extractor

High-capacity professional carpet and upholstery extractor designed for larger and more demanding cleaning applications. Combines a powered liquid supply with powerful extraction to inject cleaning solution deep into carpet fibres and efficiently recover the solution and loosened dirt. Features a generous 20L wet capacity and 15L extraction tank, together with a practical tank-within-a-tank design for easy filling and changing. Ideal for carpets, upholstery, vehicle valeting and larger commercial cleaning areas.

1060W | 20L Wet Capacity | 15L Extraction Tank | 26.8m Range | High-Capacity Extraction

Dimensions: 358 x 450 x 710mm

Rotary Machines & Pads

Kingfisher Rotary Machine (Standard Speed)

Heavy-duty professional walk-behind rotary floor machine designed for effective scrubbing, polishing and general hard-floor maintenance. Powered by a robust 1100W motor with a 430mm pad diameter, it delivers consistent floor contact and a productivity rate of up to 475m² per hour. The generous 15m power cable provides a practical working range, while the low 53dB(A) operating noise level makes it suitable for use in a variety of commercial environments.

Supplied with pad drive only and compatible with suitable floor pads for different cleaning and polishing applications. An optional 15L solution tank is available for wet scrubbing applications.

1100W | 430mm Pad | 475m²/h Productivity | 15m Cable | 53dB(A)

Suitable For: Scrubbing | Polishing | Floor Maintenance | Commercial & Industrial Hard Floors

Optional: 15L Solution Tank

Numatic HFM1515R Rotary Floor Machine – 150rpm (Standard Speed)

Heavy-duty professional rotary floor machine designed for versatile floor cleaning and maintenance. Powered by a robust 1500W motor and operating at 150rpm, it is suitable for a wide range of applications including scrubbing, stripping, polishing, buffing and spray cleaning. The 450mm working width provides efficient coverage, while the fully adjustable handle allows for comfortable operation. Ideal for commercial, industrial, hospitality and institutional floor-care applications.

1500W | 150rpm | 450mm Brush | 400mm Pad | 32m Cleaning Range

Dimensions: 460 x 560 x 1250mm
Ideal For: Scrubbing, stripping & general floor maintenance

Numatic HFM1530R High-Speed Rotary Floor Machine – 300rpm (High Speed)

Professional high-speed rotary floor machine designed for efficient floor polishing, buffing and maintenance. Powered by a heavy-duty 1500W motor and operating at 300rpm, it delivers faster rotary action for maintaining and enhancing the appearance of hard floors. Features a 450mm working width, Automatic Torque Control and a fully adjustable handle for comfortable, controlled operation. Ideal for commercial facilities, retail environments, hospitality, healthcare and other areas requiring regular floor maintenance.

1500W | 300rpm | 450mm Brush | 400mm Pad | 32m Cleaning Range

IDEAL FOR:
POLISHING, BUFFING & HIGHER-SPEED FLOOR MAINTENANCE

Black Scrubbing / Stripping Pad

Heavy-duty floor pad designed for aggressive scrubbing and stripping applications. Ideal for removing old floor polish, wax build-up, stubborn dirt and ingrained grime from hard floor surfaces. Used with a rotary floor machine and suitable for intensive floor preparation before applying a new floor finish or polish.

Available Sizes: 325mm | 400mm | 425mm | 450mm | 500mm

Best For: Heavy Scrubbing | Stripping Old Polish | Removing Build-Up | Floor Preparation

Red Polishing Pad

Versatile medium-light floor pad designed for light-duty cleaning, spray cleaning and polishing of hard floor surfaces. Removes light dirt and scuff marks while helping to restore the appearance and shine of polished floors without aggressively removing the existing floor finish. Ideal for routine floor maintenance with rotary machines.

Available Sizes: 350mm | 400mm | 425mm | 450mm | 500mm

Best For: Light Cleaning | Spray Cleaning | Polishing | Removing Light Scuff Marks | Routine Maintenance

White Polishing Pad

Soft, non-aggressive floor pad designed for fine polishing and burnishing of clean, finished hard floors. Helps produce a smooth, high-gloss finish without removing the existing floor polish. Ideal as the final polishing step after floor treatment or for maintaining the shine of polished floors.

Available Sizes: 425mm | 500mm

Best For: Fine Polishing | Burnishing | High-Gloss Finishing | Maintaining Polished Floors

Mopping Systems & Trolleys

Caddy – Square

4-Compartment Plastic Cleaning Caddy

Durable and lightweight cleaning caddy with 4 compartments for convenient organisation and storage of cleaning chemicals, cloths, brushes and other cleaning accessories. Features an integrated carry handle for easy transport, keeping essential cleaning supplies organised and close at hand.

Dual Press Mop Wringer

Heavy-duty professional mop wringer designed for efficient water extraction from mop heads, helping reduce excess water for faster and more effective floor cleaning. The dual press action provides powerful, even wringing with less operator effort.

Hibak & Div Plate Mopping Bucket – HACCP Colours

Durable professional mopping bucket with Hibak and dividing plate system, designed for efficient everyday floor cleaning. The dividing plate helps separate cleaning solution from soiled water during use, helping to keep the cleaning solution cleaner for longer. Available in HACCP colour-coded options to support designated cleaning areas and help reduce the risk of cross-contamination.

Ideal for food preparation areas, kitchens, healthcare facilities, hospitality, washrooms and general commercial cleaning.

Mopping Bucket & Wringer – 20L / 36L – HACCP Colours

Durable professional mopping bucket and wringer system designed for efficient everyday floor cleaning in commercial and hygiene-sensitive environments. Features a sturdy bucket, easy-action wringer and 4 castors for smooth manoeuvrability while cleaning. Available in HACCP colour-coded options to support designated cleaning areas and help reduce the risk of cross-contamination.

Ideal for use in food preparation areas, kitchens, healthcare facilities, hospitality, washrooms and general commercial cleaning.

Available Sizes: 20L | 36L
Includes: 1 × Bucket | 1 × Wringer | 4 × Castors
Available in HACCP Colours

Double Mopping Trolley & Wringer – 2 × 25L

Professional double-bucket mopping trolley and wringer system designed for efficient commercial floor cleaning. The two separate 25L buckets allow clean and soiled water to be kept separate, helping maintain a cleaner mopping solution and reduce cross-contamination during cleaning. Fitted with 4 castors for easy manoeuvrability and a durable wringer for effective removal of excess water from mop heads.

Ideal for larger commercial areas, hospitality, healthcare, food service and general professional cleaning applications.

Includes: 2 × 25L Buckets | 1 × Wringer | 4 × Castors
Total Bucket Capacity: 50L

Numatic NX1002 Servo-X Trolley

Professional dual-bag collection trolley designed for efficient laundry, linen and waste collection. Features 2 × 100L bags mounted on a durable, manoeuvrable frame with four castors. The trolley folds easily for compact storage, while the removable bags incorporate convenient drag handles and can be fitted with closure systems. Ideal for hotels, healthcare facilities, laundries, housekeeping and other high-volume collection applications.

2 × 100L Bags | Folding Design | 4 Castors | Compact Storage

Best For: Laundry Collection | Linen Collection | Waste Collection | Housekeeping

Numatic SM1R ServoMatic Cleaning Trolley

Versatile professional janitorial cleaning trolley designed to keep cleaning supplies, equipment and waste organised in one mobile system. Features a generous 120L lidded waste facility, 4 × 5L colour-coded buckets, a full top tray and storage drawer for convenient access to cleaning essentials. The colour-coded buckets support hygienic cleaning practices and help reduce the risk of cross-contamination between designated cleaning areas.

Ideal for housekeeping, hospitality, healthcare, offices, schools and general janitorial cleaning.

Standard Configuration:

- 1 x 120L Waste Bag & 3pc Lid (ReFlo Black)
- 4 x 5L Buckets (Grey with Red/Blue/Green/Yellow Handles)
- 1 x Full Top Tray (ReFlo Black)
- 1 x Shallow Storage Box (ReFlo Black)
- 4 x 125mm Castors (2 x braked, 2 x standard)
- Size 570 x 1325 x 1115mm

(Note: Optional Accessories sold separately)
