DETERGENT-DISINFECTANTS FOR USE IN THE FOOD INDUSTRY

OXYBAX

AVAILABLE IN 5L • 25L

Peroxygen Disinfectant

Oxybax is a powerful peroxygen disinfectant formulated for use in industrial, domestic, and institutional environments. Suitable for fogging, surface disinfection, and laundry sanitising applications, it assists in eliminating bacteria, yeast, moulds, and biofilm build-up while providing effective hygiene control in food processing areas, workplaces, schools, medical facilities, and public areas. Oxybax can also be used as a low-temperature bleach and sanitiser in commercial and on-premise laundries and is designed for use through automatic dosing systems and laundry pumps.

IDEAL FOR: LAUNDRY | FOGGING | FOOD PROCESSING AREAS | KITCHENS | WORKPLACES SCHOOLS | MEDICAL FACILITIES | GENERAL DISINFECTION

PINE GEL

AVAILABLE IN 1L • 5L • 25L BUCKETS

All Purpose Gel Cleaner

Pine Gel is a concentrated gel cleaner formulated with real pine oil for effective everyday cleaning of hard surfaces. Its powerful cleaning action assists in removing light oils, dirt, and restroom grime while leaving behind a fresh pine fragrance. Suitable for use on floors, sinks, countertops, tiles, and other washable surfaces, Pine Gel cleans and deodorises in one step.

IDEAL FOR: BATHROOMS | FLOORS | SINKS | COUNTERTOPS | TILES GENERAL SURFACE CLEANING | HOUSEKEEPING

PLUSMOP

AVAILABLE IN 1L • 5L • 25L

Mop & Shine Floor Cleaner

Plusmop is a mop-and-shine floor cleaner formulated to remove dirt, black heel marks, and scuff marks from vinyl, rubber, linoleum, and terrazzo floors while leaving surfaces clean and shiny. Its advanced acrylic polymer formulation assists in maintaining floor appearance, reducing scratches, and helping extend the life of floor finishes.

IDEAL FOR: VINYL FLOORS | RUBBER FLOORS | LINOLEUM FLOORS | TERRAZZO FLOORS COMMERCIAL FLOOR CLEANING

DETERGENTS FOR USE IN THE FOOD INDUSTRY

POWERCLEAN

AVAILABLE IN 1L • 5L • 25L

Heavy Duty Cleaner & Degreaser

Powerclean is a powerful alkaline cleaner and degreaser formulated for heavy-duty cleaning applications in industrial, automotive, food processing, and commercial environments. Its advanced cleaning action effectively cuts through grease, oil, grime, and stubborn dirt on engines, workshop floors, transportation equipment, kitchens, and other hard surfaces. Powerclean can also be used for stripping old layers of wax and polish from floors.

IDEAL FOR: ENGINES | WORKSHOP FLOORS | TRANSPORTATION EQUIPMENT | PACKHOUSES INDUSTRIAL KITCHENS | FOOD PREPARATION AREAS | HEAVY-DUTY DEGREASING | CRATEWASH

POWERSTRIP

AVAILABLE IN 1L • 5L • 25L

Ammoniated Floor Stripper

Powerstrip is a powerful ammoniated floor stripper formulated for the effective removal of old wax, polish, finish build-up, and stubborn floor deposits. Its fast-acting formula assists in restoring floors to their original appearance and prepares surfaces for the reapplication of floor sealers and polishes. Suitable for use on vinyl, PVC, linoleum, terrazzo, and concrete floors.

IDEAL FOR: VINYL FLOORS | PVC FLOORS | LINOLEUM FLOORS | TERRAZZO FLOORS CONCRETE FLOORS | WAX & POLISH REMOVAL

PROGEL

AVAILABLE IN 1L • 5L

Gel Hand Cleaner

Progel is a smooth gel hand cleaner formulated for the effective removal of grease, oil, grime, and everyday industrial dirt from hands while remaining gentle on the skin. Its emollient-rich formulation is suitable for frequent daily use and leaves hands feeling clean and refreshed after use.

IDEAL FOR: WORKSHOPS | GARAGES | ENGINEERING WORKSHOPS | INDUSTRIAL WORK AREAS MECHANICS | GENERAL HAND CLEANING

PROGRIT

AVAILABLE IN 1L • 5L

Heavy Duty Hand Cleaner

Progrit is a high-performance heavy-duty hand cleaner formulated for the removal of stubborn grease, oil, grime, and industrial dirt from heavily soiled hands. Its enhanced scrubbing action assists in loosening tough dirt while remaining suitable for regular daily use in demanding industrial and workshop environments.

IDEAL FOR: WORKSHOPS | GARAGES | ENGINEERING WORKSHOPS MINING & INDUSTRIAL ENVIRONMENTS | MECHANICS | HEAVY-DUTY HAND CLEANING

Brooms

Bass Broom- 380mm

Traditional bass broom with stiff fibres designed for sweeping coarse dirt and heavier debris on rough and uneven surfaces. The durable bristles provide effective sweeping performance on concrete, paving, asphalt, workshops, warehouses and outdoor areas.

Recommended Applications & Uses:
Ideal for sweeping soil, sand, mud, leaves, packaging waste and general debris from rough concrete, paved surfaces, yards, workshops, loading areas and other outdoor or industrial environments.

Bus Broom Handle 2.5m

(Handle Only)

Lightweight and durable 2.5m handle designed for use with the Bus Broom Head, providing extended reach for cleaning large vehicles, elevated surfaces and hard-to-reach areas. The handle can be connected to a hose pipe and allows water to flow directly to the broom head during washing.

Recommended Applications & Uses:
Provides extended reach for safely and efficiently cleaning the sides, roofs and upper sections of buses, trucks, trailers and other large vehicles.

IDEAL FOR:
BUS AND TRUCK WASH BAYS, FLEET MAINTENANCE FACILITIES, COMMERCIAL VEHICLE CLEANING OPERATIONS AND INDUSTRIAL CLEANING APPLICATIONS.

Bus Broom Head

(Head Only – 300mm)

Durable bus broom head fitted with flagged PVC bristles and a water-flow opening designed to distribute water through the head during washing when connected to a compatible hose-fed handle (Bus broom handle). Designed for efficient cleaning of buses, trucks, trailers and other large vehicles, as well as smooth commercial and industrial surfaces.

Recommended Applications & Uses:
Ideal for washing, scrubbing and rinsing buses, trucks, trailers, caravans and other large vehicles, as well as cleaning wash bays and smooth industrial surfaces.

IDEAL FOR:
USE IN BUS AND TRUCK WASH BAYS, TRANSPORT COMPANIES, FLEET MAINTENANCE FACILITIES, COMMERCIAL VEHICLE CLEANING OPERATIONS, WORKSHOPS AND GARAGES.

Carpet Broom

Complete Carpet Broom

Durable carpet broom fitted with stiff polypropylene bristles, a threaded metal grip and a plastic-coated metal handle. Designed to penetrate carpet fibres and effectively lift dirt, dust, hair and other debris from carpets, rugs and entrance mats.

Recommended Applications & Uses:
Ideal for removing dust, dirt, hair, lint and debris from carpets, rugs, entrance mats and other carpeted surfaces, helping to maintain a clean and well-presented appearance.

IDEAL FOR:
HOMES, OFFICES, HOTELS, GUESTHOUSES, SCHOOLS, RECEPTION AREAS, RETAIL STORES AND OTHER CARPETED INDOOR SPACES

Corn Broom

Complete Corn Broom

Heavy-duty corn broom with stiff bristles designed for sweeping coarse dirt and debris from outdoor and rough surfaces. The robust bristle construction provides effective sweeping performance on patios, paving, concrete, driveways and other external areas.

Recommended Applications & Uses:
Ideal for sweeping leaves, sand, soil, dust and general debris from patios, paving, driveways, walkways and other outdoor surfaces.

Available in sizes: Medium & Large

IDEAL FOR:
USE ON PATIOS, VERANDAS, DRIVEWAYS, WALKWAYS, PAVEMENTS, GARAGES, WORKSHOPS, OUTDOOR COMMERCIAL AREAS, SCHOOLS AND PUBLIC FACILITIES.

Gutter Sweeper – 300mm

Heavy-duty gutter sweeper with durable stiff bristles for effective sweeping of coarse debris on rough outdoor surfaces. Ideal for use on tar, asphalt, paving, concrete, roads, pavements, gutters and loading areas.

Recommended Applications & Uses:
Ideal for sweeping sand, gravel, soil, leaves and garden debris from gutters, drainage channels, roads, pavements, parking areas and other outdoor or industrial environments.

IDEAL FOR:
USE IN MUNICIPAL AND ROAD MAINTENANCE, CONSTRUCTION SITES, WAREHOUSES, FACTORIES, AGRICULTURAL FACILITIES AND OUTDOOR COMMERCIAL AREAS.

Hard Platform Broom

Available in 450mm & 600mm

Hard-bristled platform broom designed for sweeping heavier debris on rough, uneven and textured surfaces. Ideal for industrial, commercial and outdoor cleaning applications.

Recommended Applications & Uses:
Ideal for sweeping sand, soil, mud, leaves, packaging waste and general debris from rough concrete, cement surfaces, paving, yards, loading areas and other industrial environments.

IDEAL FOR:
USE IN WAREHOUSES, FACTORIES, WORKSHOPS, LOADING BAYS, PAVEMENTS AND WALKWAYS.

Soft Platform Broom

Complete Platform Broom – Soft | Available in 450mm & 600mm

Soft-bristled platform broom designed for sweeping fine dust and light debris from large smooth floor surfaces. Ideal for indoor commercial and industrial environments.

Recommended Applications & Uses:
Ideal for sweeping fine dust, dirt, paper and light packaging debris from smooth concrete, sealed, tiled, epoxy and vinyl floors in factories, warehouses and other commercial or industrial environments.

IDEAL FOR:
USE IN FACTORIES, WAREHOUSES, SCHOOLS, SHOPPING CENTRES, HALLS, EVENT VENUES AND COMMERCIAL BUILDINGS.

Household Broom Academy

Complete Household Broom – Academy

Soft household broom fitted with flagged synthetic fibres and a protective buffer, designed for effective sweeping of fine dust and everyday household debris on smooth indoor surfaces. The flagged bristle tips help trap dust and dirt for improved cleaning performance.

Recommended Applications & Uses:
Designed for sweeping dust, dirt and light debris from tiled and sealed floors in kitchens, living areas and other indoor spaces as part of daily household cleaning and general housekeeping.

IDEAL FOR:
INDOOR USE IN HOMES, OFFICES, SCHOOLS AND GUESTHOUSE

Soft-bristled 300mm hygiene broom fitted with a lightweight, corrosion-resistant 1.3m aluminium handle, designed for effective sweeping of fine dust, powders and light debris from smooth floor surfaces in hygiene-sensitive environments.

Recommended Applications & Uses:
Best suited for sweeping fine particles such as flour, sugar, powder residues, dust and dry food particles from smooth tiled, epoxy and sealed concrete floors in packaging, production and food-processing areas.

Available in Hygiene Colours:
Blue, Green, Red, White, Orange, Yellow & Black

Solar Panel Broom

Head – 255mm | Handle – Extendable up to 3m

Lightweight solar panel broom featuring a durable PP, PVC and TPR-coated broom head and an extendable aluminium handle that extends up to 3m for improved reach. The hose-connectable handle allows water to flow directly to the broom head for simultaneous washing and brushing, making it ideal for the safe and effective cleaning of solar panels, skylights, glass surfaces and other elevated smooth surfaces.

Recommended Applications & Uses:
Ideal for removing dust, dirt, pollen, bird droppings and other environmental contaminants from solar panels, skylights, glass surfaces and other hard-to-reach smooth surfaces.

Whisk Broom – Plastic

Complete Whisk Broom – Plastic

Compact whisk broom fitted with durable medium-stiff bristles, designed for effective sweeping in confined spaces and hard-to-reach areas. Its narrow profile makes it ideal for cleaning corners, edges, steps, under shelving and other areas where larger brooms cannot easily reach.

Recommended Applications & Uses:
Ideal for removing dust, dirt, leaves and light debris from corners, edges, steps, entrances, storage areas, workstations and other hard-to-reach indoor spaces.

Deck Scrub

Heavy-duty deck scrub fitted with stiff synthetic bristles, a durable wooden block, wooden handle and reinforced metal wire stay for added strength and stability. Designed for aggressive scrubbing of floors, decks and other hard surfaces to remove stubborn dirt, mud, grease and grime in demanding commercial and industrial environments.

Recommended Applications & Uses:
Ideal for scrubbing concrete floors, decks, paving, tiled surfaces, workshops, loading bays and other hard surfaces to remove stubborn dirt, grease, mud and grime.

Brushes

Banister Brush

Available in Soft & Hard Bristles

Ergonomically designed hand brush fitted with a comfortable handle and durable synthetic bristles for effective cleaning of a wide variety of surfaces. Available in soft or hard bristle options to suit different cleaning applications, providing excellent control and ease of use for everyday cleaning tasks.

Recommended Applications & Uses:
Suitable for cleaning benches, work surfaces, walls, equipment, machinery, shelves, corners and other hard-to-reach areas. Soft bristles are ideal for dust, fine particles and delicate surfaces, while hard bristles are recommended for removing stubborn dirt, grease and grime.

IDEAL FOR:
HOMES, COMMERCIAL KITCHENS, FOOD PROCESSING PLANTS, WORKSHOPS, FACTORIES, SCHOOLS AND GENERAL CLEANING APPLICATIONS.

Builders Scrub – 280mm

Heavy-duty builders scrub brush fitted with stiff synthetic bristles and a durable wooden block for effective scrubbing of stubborn dirt, grease and grime from rough surfaces. The flat trim design provides maximum surface contact, making it ideal for demanding cleaning applications in commercial, industrial and construction environments.

Recommended Applications & Uses:
Ideal for scrubbing concrete floors, paving, walls, machinery, tools, work surfaces and other hard surfaces to remove stubborn dirt, grease, mud and grime.

IDEAL FOR:
WORKSHOPS, CONSTRUCTION SITES, FACTORIES, WAREHOUSES, GARAGES AND GENERAL MAINTENANCE APPLICATIONS.

Chubby Scrub Brush

Ergonomically shaped hand scrub brush with durable medium-stiff synthetic bristles and a smooth wooden block for a comfortable grip. Designed for effective hand scrubbing of a wide variety of hard surfaces, providing excellent control for everyday cleaning and maintenance tasks.

Recommended Applications & Uses:
Ideal for scrubbing sinks, work surfaces, equipment, walls, floors, tiles and other hard surfaces to remove dirt, grease and grime.

IDEAL FOR:
HOMES, WORKSHOPS, GARAGES, COMMERCIAL KITCHENS, FACTORIES, SCHOOLS AND GENERAL CLEANING APPLICATIONS.

Chubby Scrub Brush Plastic

Durable plastic hand scrub brush with a comfortable ergonomic shape and dense, stiff synthetic bristles. The robust plastic construction is easy to clean and designed for repeated use in demanding cleaning environments. Ideal for removing stubborn dirt, grease and grime from hard surfaces.

Recommended Applications & Uses:
Ideal for scrubbing sinks, work surfaces, equipment, walls, floors, tiles and other hard surfaces. Particularly suitable for kitchens, workshops and general cleaning applications where a durable, easy-to-clean brush is required.

IDEAL FOR:
HOMES, COMMERCIAL KITCHENS, WORKSHOPS, GARAGES, FACTORIES, SCHOOLS AND GENERAL CLEANING APPLICATIONS.

Deck Scrub

Heavy-duty deck scrub fitted with stiff synthetic bristles, a durable wooden block, wooden handle and reinforced metal wire stay for added strength and stability. Designed for aggressive scrubbing of floors, decks and other hard surfaces to remove stubborn dirt, mud, grease and grime in demanding commercial and industrial environments.

Recommended Applications & Uses:
Ideal for scrubbing concrete floors, decks, paving, tiled surfaces, workshops, loading bays and other hard surfaces to remove stubborn dirt, grease, mud and grime.

IDEAL FOR:
WORKSHOPS, FACTORIES, WAREHOUSES, GARAGES, COMMERCIAL KITCHENS, PATIOS, DECKS AND OTHER HEAVY-DUTY CLEANING APPLICATIONS.

Hygiene Nail Brush

Colour-coded hygiene nail brush fitted with durable stiff bristles, designed for effective cleaning of fingernails and hands in hygiene-sensitive environments. The compact ergonomic design provides a comfortable grip, while the firm bristles effectively remove dirt and contaminants from beneath fingernails to support high standards of personal hygiene and help reduce the risk of cross-contamination.

Recommended Applications & Uses:
Ideal for cleaning fingernails and hands before food handling, production activities and other hygiene-critical tasks to remove dirt, grease and contaminants.

Available in Hygiene Colours:
Blue, Green, Red, White, Yellow & Black

MICHEM CLEANING SUPPLIES

Hygiene Scrub Brush

175 mm (Hard / Soft)

Professional hygiene scrub brush with durable bristles, designed for effective cleaning in food preparation and other hygiene-sensitive environments. Fully HACCP compliant and colour-coded to support cleaning-area segregation and help prevent cross-contamination. Available with hard or soft bristles to suit different cleaning requirements.

Recommended Applications & Uses:
Ideal for cleaning cutting boards, food preparation surfaces, worktops, equipment and other hard surfaces in commercial kitchens, food-processing and food-handling environments.

Available in Hygiene Colours:
Blue, White, Black, Green, Red, Yellow & Orange

Hygiene Scrub Brush

Long Handle (Hard/Soft)

Durable colour-coded hygiene scrub brush available with soft or hard bristles, fitted with a long ergonomic handle for effective cleaning of floors, walls, equipment and other hard surfaces in hygiene-sensitive environments. Designed to provide excellent cleaning performance while supporting colour-coded hygiene systems to help reduce the risk of cross-contamination.

Recommended Applications & Uses:
Ideal for scrubbing floors, walls, drains, corners, equipment, work surfaces and other hard surfaces. The soft bristle option is suitable for general cleaning, while the hard bristle option is ideal for tackling stubborn dirt, grease and food residues.

Available in Hygiene Colours:
Blue, Green, Red, White, Yellow, Orange & Black

Hygiene Scrub Brush

Short Handle (Soft / Hard)

Durable colour-coded hygiene scrub brush available with soft or hard bristles, featuring an ergonomic short handle for excellent control and precision during cleaning. Ideal for use in hygiene-sensitive environments, supporting colour-coded cleaning systems to help reduce the risk of cross-contamination.

Recommended Applications & Uses:
Ideal for cleaning equipment, work surfaces, walls, sinks, corners, drains, cutting boards and other hard surfaces. The soft bristle option is suitable for general cleaning, while the hard bristle option is designed for removing stubborn dirt, grease and food residues.

Available in Hygiene Colours:
Blue, Green, Red, White, Yellow, Orange & Black.

IDEAL FOR:
IN FOOD PROCESSING PLANTS, PACKHOUSES, BEVERAGE PLANTS, DAIRIES, ABATTOIRS, BUTCHERIES, COMMERCIAL KITCHENS AND OTHER HYGIENE-SENSITIVE ENVIRONMENTS.

Iron-Type Scrub Brush

Heavy-duty hand scrub brush with stiff, durable bristles and an ergonomic iron-shaped handle. The raised handle provides a secure, comfortable grip while protecting the hands and allowing direct downward pressure for powerful and effective scrubbing.

Recommended Applications & Uses:
Ideal for scrubbing floors, tiles, walls and other hard surfaces to remove stubborn dirt, grease and built-up grime.

Pipe Brush Curved

Durable curved cleaning brush with strong nylon bristles for effective scrubbing of pipes, tubes, gutters and other difficult-to-access areas. The curved design allows improved access around bends, corners and confined spaces. The brush can attach to a telescopic cleaning pole for extended-reach cleaning.

Recommended Applications & Uses:
Ideal for cleaning pipes, tubes, gutters, ducts, drains and other curved or hard-to-reach areas in commercial and industrial environments.

Polish Brush & Handle

Floor polishing brush fitted with soft synthetic bristles, a durable wooden block and a sturdy wooden handle with a wing nut fitting for secure attachment. Designed for the application, spreading and buffing of floor polishes, waxes and sealers, providing smooth, even coverage while reducing the need to bend during cleaning and maintenance.

Recommended Applications & Uses:
Ideal for applying, spreading and buffing floor polish, waxes and sealers on timber, vinyl, terrazzo, sealed concrete and other hard floor surfaces to achieve a smooth, even finish.

Polishing Brush

Hand-held polishing brush with soft synthetic bristles and a durable wooden block, designed for the application, spreading and buffing of floor polishes, waxes and sealers. The ergonomic hand strap provides a secure and comfortable grip, allowing for improved control during polishing and finishing tasks.

Recommended Applications & Uses:
Ideal for applying, spreading and buffing floor polish, waxes and sealers on timber, vinyl, sealed concrete and other hard floor surfaces to achieve a smooth, even finish.

IDEAL FOR:
HOMES, COMMERCIAL BUILDINGS, SCHOOLS, HOSPITALITY ESTABLISHMENTS, RETAIL STORES AND FLOOR MAINTENANCE APPLICATIONS.

Sanitary Brush – Plastic Handle

Durable toilet brush with a long plastic handle and stiff PVC bristles designed for effective heavy-duty scrubbing. The angled brush head provides excellent reach into corners and around the toilet bowl, helping to remove stubborn stains and built-up grime.

Recommended Applications & Uses:
Ideal for cleaning toilet bowls, under rims and difficult-to-reach areas in commercial, hospitality, office and public washrooms.

Sanitary Brush – Wooden Handle

Durable toilet brush with a long wooden handle and stiff synthetic bristles for effective cleaning and scrubbing. The rounded golf-style brush head provides excellent reach and helps remove stubborn dirt, stains and built-up grime.

Recommended Applications & Uses:
Ideal for cleaning toilet bowls, under rims and other difficult-to-reach areas in commercial, hospitality, office and public washrooms.

S-Shape Arrow Scrub Brush

Durable hand scrub brush with stiff synthetic bristles and an ergonomic handle for a comfortable, secure grip. The tapered arrow-shaped design provides improved access into corners, along edges and around difficult-to-reach areas, while allowing effective pressure to be applied for thorough scrubbing.

Recommended Applications & Uses:
Ideal for scrubbing floors, tiles, walls, work surfaces, corners, edges and other hard surfaces to remove dirt, grease and stubborn grime.

S-Shape Scrub Brush – Plastic

Durable hand scrub brush with a sturdy plastic back and medium-stiff synthetic bristles. The S-shaped design provides a comfortable grip and excellent control for effective scrubbing of hard surfaces.

Recommended Applications & Uses:
Ideal for scrubbing sinks, work surfaces, equipment, walls, floors, tiles and other hard surfaces to remove dirt, grease and grime.

S-Shape Scrub Brush – Wood

Durable hand scrub brush with a strong wooden back and medium-stiff synthetic bristles. The S-shaped design provides a comfortable grip and excellent control for effective scrubbing of hard surfaces.

Recommended Applications & Uses:
Durable hand scrub brush with a strong wooden back and medium-stiff synthetic bristles. The S-shaped design provides a comfortable grip and excellent control for effective scrubbing of hard surfaces.

Slimline Scrub Brush

Professional hygiene scrub brush with a narrow, slimline design for effective cleaning of tight, narrow and hard-to-reach areas. Fully HACCP compliant and colour-coded to support cleaning-area segregation and help prevent cross-contamination. Supplied with hard bristles as standard.(Soft bristles available on request).

Recommended Applications & Uses:
Ideal for cleaning around equipment, between surfaces, along edges, in narrow spaces and other difficult-to-access areas in commercial kitchens, food-processing and hygiene-sensitive environments.

Available in Hygiene Colours:
Blue, White, Black, Green, Red, Yellow & Orange

Bristles:
Hard as standard; Soft available on request

Shoe Brush

A durable wooden shoe brush designed for cleaning, applying shoe polish and buffing footwear. Features firm, hard-wearing bristles for effective removal of dirt and dust, as well as even application and polishing of shoe-care products. Ideal for maintaining and restoring the appearance of shoes and boots.

Wire Brazing Brush

Heavy-duty hand brush with durable fine wire bristles and a comfortable plastic handle for effective surface cleaning. The wire bristles provide strong scrubbing action to loosen and remove stubborn deposits, rust and built-up residue from hard surfaces.

Recommended Applications & Uses:
Ideal for removing rust, paint, scale, corrosion and stubborn grime from metal surfaces, tools, equipment and machinery.

Dusters

Feather Duster – Long

Lightweight feather duster fitted with a long wooden handle, designed to safely reach and remove dust from elevated and hard-to-access areas. The soft natural feathers attract and retain dust without scratching delicate surfaces, making it ideal for routine cleaning and general housekeeping.

Recommended Applications & Uses:
Ideal for dusting ceilings, ceiling fans, light fittings, high shelving, blinds, curtain rails, air vents and other elevated or hard-to-reach surfaces.

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.
013 755 3326 www.michem.co.za

Feather Duster – Short

Lightweight feather duster with a durable wooden handle, designed for the gentle removal of dust from delicate and hard-to-reach surfaces. The soft natural feathers attract and retain dust without scratching, making it ideal for routine cleaning in homes, offices and commercial environments.

Recommended Applications & Uses:
Ideal for dusting furniture, shelving, ornaments, light fittings, electronics, blinds, picture frames and other delicate or hard-to-reach surfaces.

Feather Duster – Synthetic

Lightweight synthetic feather duster fitted with durable, dust-attracting synthetic fibres and a sturdy plastic handle. Designed to effectively lift and retain dust from elevated and hard-to-reach surfaces while providing long-lasting performance and ease of use for routine cleaning.

Recommended Applications & Uses:
Ideal for dusting ceilings, ceiling fans, light fittings, high shelving, blinds, curtain rails, air vents and other elevated or hard-to-reach surfaces.

Flick Duster

WITH EXTENDED HANDLE

Lightweight flick duster fitted with soft synthetic fibres and an extendable handle, designed to effectively attract and retain dust from both nearby and hard-to-reach surfaces. The extendable handle provides added reach, making routine dusting quicker, safer and more efficient.

Recommended Applications & Uses:
Ideal for dusting furniture, shelving, blinds, ceiling fans, light fittings, curtain rails, air vents and other elevated or hard-to-reach surfaces.

Microfibre Duster

WITH EXTENDABLE HANDLE & FLEXIBLE HEAD

Lightweight microfibre chenille duster featuring an extendable handle and a flexible, bendable head for effective dust removal from both nearby and hard-to-reach areas. The soft microfibre fibres attract and retain dust, dirt and allergens without scratching surfaces, while the washable and reusable design provides long-lasting cleaning performance.

Recommended Applications & Uses:
Ideal for dusting furniture, shelving, ceiling fans, light fittings, blinds, curtain rails, air vents, high ceilings and other elevated or hard-to-reach surfaces.

Dustpans

Dustpan & Whisk Broom Set

Heavy-duty dustpan and whisk broom set featuring a large-capacity dustpan, 600mm handle and 1.2m whisk broom handle for comfortable upright cleaning. Designed to reduce bending while providing efficient collection of dust, dirt and general debris in commercial and industrial environments.

Recommended Applications & Uses:
Ideal for collecting dust, dirt, leaves, paper and general debris from hard floor surfaces in commercial, industrial and public areas.

IDEAL FOR:
SHOPPING CENTRES, SCHOOLS, WAREHOUSES, FACTORIES, RETAIL STORES, COMMERCIAL BUILDINGS AND CONTRACT CLEANING APPLICATIONS.

Dustpan Set

Lightweight and durable plastic dustpan and brush set designed for the quick and efficient collection of dust, dirt and small debris. The compact design makes it ideal for everyday cleaning in domestic, commercial and office environments.

Recommended Applications & Uses:
Ideal for collecting dust, dirt, crumbs, paper, hair and other small debris from hard floor surfaces during routine cleaning.

IDEAL FOR:
HOMES, OFFICES, SCHOOLS, RETAIL STORES, WORKSHOPS AND GENERAL CLEANING APPLICATIONS.

Hygiene Dustpan

Colour-coded hygiene dustpan manufactured from durable plastic, designed for the safe collection and disposal of dust, dirt and food debris in hygiene-sensitive environments. Supports colour-coded cleaning systems to help reduce the risk of cross-contamination between designated work areas.

Recommended Applications & Uses:
Ideal for collecting dust, dirt, food waste and general debris from floors and work areas while supporting colour-coded hygiene management systems.

Available in Hygiene Colours:
Red, Blue, Green, Yellow, Orange, White & Black

IDEAL FOR:
FOOD PROCESSING PLANTS, PACKHOUSES, BEVERAGE PLANTS, DAIRIES, ABATTOIRS, BUTCHERIES, COMMERCIAL KITCHENS AND OTHER HYGIENE-SENSITIVE ENVIRONMENTS.

Metal Dustpan

Heavy-duty metal dustpan with a strong, durable construction for reliable collection of dust, dirt and debris. The wide-mouth design makes sweeping debris into the pan quick and easy, while the raised sides help contain collected material. Fitted with a sturdy top handle for convenient handling and emptying.

Recommended Applications & Uses:
Ideal for general and heavy-duty sweeping applications in workshops, warehouses, factories, kitchens, commercial premises and other industrial cleaning environments.

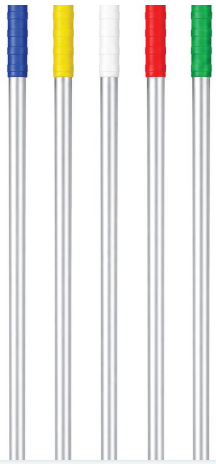

Metal Dustpan – Blue

Durable heavy-duty dustpan manufactured from sturdy steel with a blue painted finish. The wide-mouth design allows for quick and efficient collection of dust, dirt and larger debris, while the robust construction makes it suitable for frequent use in demanding cleaning environments.

Recommended Applications & Uses:
Ideal for general sweeping and debris collection in workshops, warehouses, factories, commercial premises, kitchens and other industrial or general cleaning environments.

Mops

Hygiene Mop Handle

AVAILABLE IN 1.3M & 1.5M LENGTHS

Lightweight and durable aluminium mop handle fitted with a colour-coded plastic grip and mop clip, available in Red, Green, Blue, Yellow, Black, White and Orange to support colour-coded cleaning and hygiene management systems. Designed for use with Hygiene Mop Heads and Spunlace Mop Heads, providing a secure fit and comfortable handling in food processing, commercial and industriaal cleaning environments.

Recommended Applications & Uses:
Designed for use with hygiene mop heads and spunlace mop heads for effective floor cleaning, spill removal and sanitation in commercial, industrial and food-processing environments.

Available in Hygiene Colours:
Red, Green, Blue, Yellow, Black, White & Orange.

MICHEM CLEANING SUPPLIES

Hygiene Mop Head – 400g

Colour-coded 400g hygiene mop head designed for effective floor cleaning in hygiene-sensitive environments. Available in multiple colours to support colour-coded cleaning systems and help reduce the risk of cross-contamination between work areas.

Recommended Applications & Uses:
Ideal for floor cleaning, spill removal and sanitation tasks in food-processing, commercial and industrial environments where colour-coded cleaning systems are required.

Available in Hygiene Colours:
Blue, Green, Red, White, Yellow Orange & Black.

Compatible With:
Aluminium Handle with Spring Clip – 1.3m, wringer mop handle aluminium 1.5m with spring clip and Hygiene Mop Handles – 1.3m & 1.5m.

Spunlace Mop Head – 250g

High-quality spunlace mop head designed for effective cleaning in hygiene-sensitive environments. Manufactured from low-linting spunlace material, it provides excellent absorbency and dirt pick-up while drying faster than traditional cotton yarn mops. Colour-coded for improved hygiene control and cross-contamination prevention, making it ideal for food processing, healthcare and commercial cleaning applications.

Recommended Applications & Uses:
Ideal for cleaning and sanitising floors, removing spills and maintaining hygienic conditions in commercial, industrial and food-processing environments.

Available in Hygiene Colours:
Red, Green, Blue, Yellow, Black, White & Orange.

Jumbo Mop – 400g

Heavy-duty 400g round cotton mop fitted with a metal socket and wooden handle. The larger mop head provides increased absorbency and floor coverage, making it suitable for larger cleaning areas and more demanding cleaning tasks.

Recommended Applications & Uses:
Ideal for wet mopping, spill removal and routine floor cleaning in medium to large commercial and industrial areas.

IDEAL FOR:
HOMES, OFFICES, SCHOOLS, FACTORIES, WAREHOUSES, WORKSHOPS, HOSPITALITY E STABLISHMENTS AND COMMERCIAL CLEANING ENVIRONMENTS.

MICHEM CLEANING SUPPLIES

Maxi Mop – 40cm Drop (400g)

Heavy-duty cotton mop featuring long 40cm strands, a metal socket and a 1.2m wooden handle. The longer fibres provide increased floor contact and absorbency, making it suitable for cleaning larger floor areas efficiently.

Recommended Applications & Uses:
Ideal for wet mopping, spill removal and routine floor cleaning of large hard floor surfaces in commercial and industrial environments.

IDEAL FOR:
WAREHOUSES, FACTORIES, WORKSHOPS, SCHOOLS, COMMERCIAL BUILDINGS AND GENERAL CLEANING APPLICATIONS.

Medium Mop – 200g

Durable 200g round cotton mop fitted with a metal socket and wooden handle. Designed for effective floor cleaning, spill removal and general maintenance in domestic and light commercial environments.

Recommended Applications & Uses:
Ideal for wet mopping, spill removal and routine floor cleaning on tiled, sealed concrete, vinyl and other hard floor surfaces.

IDEAL FOR:
HOMES, OFFICES, SCHOOLS, SMALL RETAIL STORES AND GENERAL CLEANING APPLICATIONS.

Supa Round Mop – 500g

Extra-large 500g round cotton mop fitted with a metal socket and wooden handle. Designed for maximum absorbency and efficient cleaning of large floor areas where durability and cleaning performance are required.

Recommended Applications & Uses:
Ideal for wet mopping, spill removal and cleaning large floor areas in commercial, industrial and institutional environments.

IDEAL FOR:
FACTORIES, WAREHOUSES, WORKSHOPS, SCHOOLS, COMMERCIAL BUILDINGS AND INDUSTRIAL CLEANING APPLICATIONS.

Mop Sweeper Complete – 1.3m Aluminium Handle

AVAILABLE WITH 60CM, 80CM & 100CM MOP SWEEPER FRAME

Complete mop sweeper fitted with a lightweight 1.3m aluminium handle, durable mop frame and dust-collecting sleeve. Designed for the efficient removal of dust, dirt and loose debris from large floor areas while reducing airborne dust during cleaning.

Recommended Applications & Uses:
Ideal for dry sweeping, dust control and routine floor maintenance on tiled, vinyl, epoxy, sealed concrete and other smooth hard floor surfaces.

IDEAL FOR:
SCHOOLS, OFFICES, HOSPITALS, WAREHOUSES, FACTORIES, RETAIL STORES AND OTHER FACILITIES WITH LARGE SMOOTH FLOOR AREAS.

Mop Sweeper Sleeve

AVAILABLE IN 60CM, 80CM & 100CM

High-quality replacement mop sweeper sleeve designed to effectively attract, collect and retain dust, dirt and loose debris. Suitable for use with compatible mop sweeper frames and ideal for maintaining large floor areas with minimal dust disturbance.

Recommended Applications & Uses:
Ideal for dry sweeping, dust control and routine floor maintenance on tiled, vinyl, epoxy, sealed concrete and other smooth hard floor surfaces.

IDEAL FOR:
SCHOOLS, OFFICES, HOSPITALS, WAREHOUSES, FACTORIES, RETAIL STORES AND COMMERCIAL CLEANING ENVIRONMENTS.

Pulse Mop Kit – 40cm

The Pulse Mop Kit is a professional bucketless floor cleaning system featuring a built-in 0.6L solution reservoir and ergonomic trigger handle for controlled dispensing of cleaning solution. The lightweight aluminium construction and 40cm microfibre frame provide efficient cleaning while reducing water and chemical usage, making it ideal for commercial and institutional environments.

Recommended Applications & Uses:
Ideal for daily floor cleaning, spot cleaning and maintenance cleaning of tiled, vinyl, sealed concrete, epoxy and other hard floor surfaces.

IDEAL FOR:
HOSPITALS, HEALTHCARE FACILITIES, SCHOOLS, OFFICES, HOSPITALITY ESTABLISHMENTS, FOOD SERVICE AREAS AND COMMERCIAL CLEANING ENVIRONMENTS.

MICHEM CLEANING SUPPLIES

013 755 3326 www.michem.co.za

Universal Handle

Lightweight aluminium handle designed for use with the Pulse Mop Frame. Durable and easy to manoeuvre, providing comfortable handling for efficient floor cleaning.

Pulse Mop Frame – 40cm

Durable 40cm aluminium Velcro mop frame designed for use with the Pulse Mop System and compatible microfibre mop sleeves. The low-profile design provides excellent manoeuvrability and effective floor contact for efficient cleaning performance.

Recommended Applications & Uses:
Designed for use with compatible microfibre mop sleeves for routine floor cleaning and maintenance of hard floor surfaces.

IDEAL FOR:
HEALTHCARE FACILITIES, SCHOOLS, OFFICES, HOSPITALITY ESTABLISHMENTS AND COMMERCIAL CLEANING ENVIRONMENTS.

Pulse Mop Microfiber Sleeve

High-performance 40cm microfibre wet mop sleeve designed to effectively remove dirt, grease and contaminants from hard floor surfaces. The durable microfibre construction provides excellent absorbency and cleaning performance while reducing water and chemical consumption. Features a Velcro backing for secure attachment to the Pulse Mop Frame 40cm.

Recommended Applications & Uses:
Ideal for wet mopping, maintenance cleaning and daily floor care on tiled, vinyl, epoxy, sealed concrete and other hard floor surfaces.

Compatible With:
Pulse Mop Frame – 40cm

Pulse Mop Caddy – 7.5L

High-capacity 7.5L refill caddy designed specifically for the Pulse Mop System. The caddy allows quick and convenient refilling of Pulse Mop reservoirs, reducing downtime and improving cleaning productivity in large facilities. A full caddy can refill a Pulse Mop up to 12 times and is capable of supporting cleaning of up to approximately 1000m² of floor area.

Recommended Applications & Uses:
Designed for the safe storage and efficient dispensing of cleaning solutions when refilling Rubbermaid Pulse Mop systems in medium to large facilities.

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.

Wringer Mop Handle – 1.3m Aluminium with Spring Clip

Durable 1.3m aluminium handle fitted with a robust spring clip mechanism for securely attaching compatible mop heads. The lightweight construction provides comfortable handling while offering the strength required for daily cleaning tasks.

Recommended Applications & Uses:
Suitable for use with compatible mop heads for routine floor cleaning, spill removal and maintenance cleaning in commercial, industrial and hygiene-sensitive environments.

IDEAL FOR:
FOOD PROCESSING PLANTS, PACKHOUSES, BEVERAGE PLANTS, DAIRIES, COMMERCIAL KITCHENS, HOSPITALS, SCHOOLS, FACTORIES, WAREHOUSES AND OTHER COMMERCIAL, INDUSTRIAL OR INSTITUTIONAL CLEANING ENVIRONMENTS.

Wringer Mop Handle – 1.5m Aluminium

Lightweight and durable 1.5m aluminium handle fitted with a traditional wringer mop clip for securely holding wringer mop heads during cleaning. Designed to provide excellent control, durability and ease of use in commercial, industrial, institutional and food-processing environments.

Recommended Applications & Uses:
Designed for use with wringer mop heads for effective floor cleaning, spill removal and routine maintenance in commercial, industrial and hygiene-sensitive environments.

IDEAL FOR:
FOOD PROCESSING PLANTS, PACKHOUSES, BEVERAGE PLANTS, DAIRIES, COMMERCIAL KITCHENS, HOSPITALS, SCHOOLS, FACTORIES, WAREHOUSES, HOSPITALITY ESTABLISHMENTS AND GENERAL CLEANING APPLICATIONS.

Wringer Mop Handle – Wood 1.5m

Durable 1.5m wooden handle fitted with a traditional wringer mop clip for securely holding wringer mop heads during cleaning. Designed to provide reliable performance and comfortable handling for daily floor cleaning, spill removal and general maintenance applications.

Recommended Applications & Uses:
Designed for use with wringer mop heads for effective floor cleaning, spill removal and routine maintenance in commercial, industrial and institutional environments.

IDEAL FOR:
COMMERCIAL BUILDINGS, SCHOOLS, HOSPITALITY ESTABLISHMENTS, FACTORIES, WAREHOUSES AND GENERAL CLEANING APPLICATIONS WHERE A STURDY AND ECONOMICAL MOP HANDLE IS REQUIRED.

Recommended Applications & Uses:
Ideal for floor cleaning, spill removal and routine maintenance in commercial, industrial and institutional environments.

Compatible With:
Wringer Mop Handle – Aluminium 1.5m; wringer mop handle aluminium 1.3 with spring clip and Wringer Mop Handle – Wood 1.5m.

IDEAL FOR:
COMMERCIAL BUILDINGS, SCHOOLS, HOSPITALITY ESTABLISHMENTS, FACTORIES, WAREHOUSES AND GENERAL CLEANING APPLICATIONS WHERE A STURDY AND ECONOMICAL MOP HANDLE IS REQUIRED.

Squeegees

Floor Squeegee

Available in 450mm & 600mm

Heavy-duty floor squeegee with an all-metal frame and durable metal handle, designed for the rapid removal of water, cleaning solutions and liquid spills from large floor areas. The robust construction provides excellent durability for demanding commercial and industrial cleaning applications.

Recommended Applications & Uses:
Ideal for removing water, cleaning solutions and liquid spills from concrete, tiled, epoxy and other hard floor surfaces following washing or maintenance cleaning.

Hygiene Floor Squeegee

Available with 1.3m & 1.5m Handles

Colour-coded hygiene floor squeegee fitted with a durable rubber blade and available with a 1.3m or 1.5m handle, designed for the efficient removal of water, cleaning solutions and liquid spills from smooth floor surfaces. Supports colour-coded cleaning systems to help reduce the risk of cross-contamination in hygiene-sensitive environments.

Recommended Applications & Uses:
Ideal for removing water, cleaning solutions and liquid spills from tiled, epoxy, sealed concrete and other smooth floor surfaces following washing and sanitising.

Available in Hygiene Colours:
White, Blue, Green, Red, Black, Yellow & Orange

MICHEM CLEANING SUPPLIES

Window Washers

Car Window Squeegee

Lightweight all-plastic window squeegee fitted with a durable rubber blade, designed for the quick and efficient removal of water from vehicle windscreens, windows and other smooth glass surfaces. The ergonomic handle provides a comfortable grip, helping to achieve a clean, streak-free finish.

Recommended Applications & Uses:
Ideal for removing water and cleaning solutions from vehicle windscreens, side windows, mirrors and other smooth glass surfaces for a streak-free finish.

Telepole

Available Sizes: 2 × 1.25m (Extends to 2.5m), 2 × 2m (Extends to 4m) 2 × 3m (Extends to 6m), 3 × 3m (Extends to 9m)

Professional-grade lightweight aluminium telescopic extension pole designed for safe and efficient cleaning of elevated windows and hard-to-reach surfaces. Available in a range of section configurations and extended lengths, each pole features secure locking mechanisms for maximum stability and control during use. Compatible with the Visa Versa 35cm and 40cm window cleaning heads, these extension poles allow professional cleaning at height while reducing the need for ladders.

Recommended Applications & Uses:
Ideal for cleaning high windows, glass doors, shopfronts, curtain walls, skylights, solar panels and other elevated smooth surfaces when used with the Visa Versa 35cm or 40cm window cleaning heads.

IDEAL FOR:
CLEANING HIGH WINDOWS, GLASS DOORS, SHOPFRONTS, CURTAIN WALLS, SKYLIGHTS, SOLAR PANELS AND OTHER ELEVATED SMOOTH SURFACES WHEN USED WITH THE VISA VERSA 35CM OR 40CM WINDOW CLEANING HEADS.

Visa Versa 35cm (White)

35cm Visa Versa Window Washer & Squeegee

A lightweight professional window cleaning tool featuring an integrated washer and squeegee for quick, efficient glass cleaning. The soft whitewasher sleeve removes dust, dirt and grime with ease, while the natural rubber squeegee blade delivers a smooth, streak-free finish. Perfect for professional window cleaners, hospitality, healthcare and general facility maintenance.

Features:
Compatible with standard extension poles (telepole) for high-level cleaning

Recommended Applications & Uses:
Ideal for washing and squeegeeing windows, glass doors, shopfronts, mirrors and other smooth glass surfaces in a single operation, providing professional, streak-free cleaning results.

MICHEM CLEANING SUPPLIES
11 Rapid Street, Riverside Industrial, Nelspruit.
013 755 3326 www.michem.co.za

Visa Versa 40cm (Brown)

40cm Visa Versa Window Washer & Squeegee

A professional all-in-one window cleaning tool that combines a premium cotton/polyester washer sleeve and high-quality rubber squeegee in a single unit. The washer sleeve effectively loosens and lifts dirt, grease and grime, while the precision rubber blade leaves windows clean and streak-free. Ideal for commercial cleaners, contract cleaning companies and facilities maintenance where fast, efficient window cleaning is required.

Features:
Fits standard tele extension poles (telepole)

Recommended Applications & Uses:
Ideal for washing and squeegeeing windows, glass doors, shopfronts, mirrors and other smooth glass surfaces in a single operation, providing professional, streak-free cleaning results.

Visa Versa Sleeve Only – 35 cm (White)

Replacement white washer sleeve designed for the 35 cm Visa Versa Window Washer & Squeegee. The soft, absorbent material effectively loosens and lifts dust, dirt and grime from glass surfaces, providing efficient washing before squeegeeing.

Recommended Applications & Uses:
Ideal as a replacement sleeve for professional window, glass door, shopfront and mirror cleaning in commercial, hospitality and general facility maintenance environments.

Visa Versa Sleeve Only – 40 cm (Brown)

Replacement brown washer sleeve designed for the 40 cm Visa Versa Window Washer & Squeegee. The durable, absorbent material effectively loosens and lifts dust, dirt, grease and grime from glass surfaces for efficient professional window cleaning.

Recommended Applications & Uses:
Ideal as a replacement sleeve for cleaning windows, glass doors, shopfronts, mirrors and other smooth glass surfaces in commercial and professional cleaning environments.

MICHEM CLEANING SUPPLIES

Window Washer – 2.1m

Professional window washer fitted with a highly absorbent washing sleeve and a lightweight 2.1m handle, designed for the effective removal of dirt, dust and grime from glass surfaces. The extended handle provides easy access to high windows and hard-to-reach areas, making window cleaning safer and more efficient.

Recommended Applications & Uses:
Ideal for washing windows, glass doors, shopfronts, mirrors, skylights and other smooth glass surfaces before drying with a window squeegee for a streak-free finish.

IDEAL FOR:
COMMERCIAL BUILDINGS, OFFICES, RETAIL STORES, HOTELS, SCHOOLS, SHOPPING CENTRES, HOMES AND PROFESSIONAL WINDOW CLEANING APPLICATIONS.

Window Washer Academy

Available in 1.1m & 2.1m

Professional window washer fitted with a highly absorbent sleeve, designed to effectively remove dirt, dust and grime from windows and other smooth glass surfaces. Available with either a 1.1m or 2.1m handle, providing comfortable cleaning of both nearby and elevated areas while delivering excellent cleaning performance.

Recommended Applications & Uses:
Ideal for washing windows, glass doors, shopfronts, mirrors, skylights and other smooth glass surfaces prior to drying with a window squeegee for a streak-free finish.

IDEAL FOR:
COMMERCIAL BUILDINGS, OFFICES, RETAIL STORES, HOTELS, SCHOOLS, SHOPPING CENTRES, HOMES AND PROFESSIONAL WINDOW CLEANING APPLICATIONS.

Other

Applicator Complete

Professional floor finish applicator fitted with a 30cm synthetic applicator pad and a durable wooden handle, designed for the smooth and even application of floor sealers, polishes and protective floor finishes. The highly absorbent pad ensures consistent product distribution, helping to achieve a smooth, streak-free finish while reducing product wastage.

Recommended Applications & Uses:
Ideal for applying Glossbrite polymer floor dressing and other protective floor coatings evenly

IDEAL FOR:
COMMERCIAL BUILDINGS, SCHOOLS, HOSPITALS, OFFICES, SHOPPING CENTRES, HOTELS AND OTHER FACILITIES REQUIRING THE APPLICATION OF FLOOR SEALERS AND FLOOR POLISHES.

Toilet Brush Set – Square

Modern toilet brush set featuring a square hygienic storage holder and a sturdy brush with durable bristles for effective cleaning of toilet bowls and under-rim areas. The enclosed holder provides neat, discreet storage while helping to keep washrooms clean, organised and hygienic.

Recommended Applications & Uses:
Designed for cleaning toilet bowls, under-rim areas and other hard-to-reach surfaces, helping to maintain high standards of washroom hygiene.

IDEAL FOR:
HOMES, OFFICES, HOTELS, GUEST HOUSES, SCHOOLS, HOSPITALS, RESTAURANTS AND OTHER COMMERCIAL WASHROOM FACILITIES.

Wall Rail

Available Sizes: • 50cm – Holds up to 3 hygiene tools, 90cm – Holds up to 5 hygiene tools

Heavy-duty aluminium wall rail designed for the hygienic storage and organisation of cleaning equipment. Fitted with durable rubber grip brackets that securely hold handles in place, keeping brooms, mops, squeegees and brushes off the floor for improved hygiene, safety and easy access.

Recommended Applications & Uses:
Designed for storing hygiene brooms, brushes, mops, squeegees and other handled cleaning tools, helping to maximise storage space while promoting good housekeeping and hygiene practices.

IDEAL FOR:
FOOD PROCESSING PLANTS, COMMERCIAL KITCHENS, HOSPITALS, SCHOOLS, WAREHOUSES, FACTORIES, CLEANING CUPBOARDS AND OTHER FACILITIES REQUIRING ORGANISED STORAGE OF CLEANING EQUIPMENT.

Wet Floor Sign

Highly visible folding wet floor sign designed to warn pedestrians of slippery floor conditions and help prevent slips, trips and falls. Manufactured from durable, lightweight plastic, the sign is easy to deploy, transport and store, making it ideal for use during routine cleaning and maintenance.

Recommended Applications & Uses:
Designed to alert staff, customers and visitors to wet or hazardous floor conditions during cleaning, spill response and maintenance activities, helping to improve workplace safety and reduce the risk of accidents.

IDEAL FOR:
OFFICES, SHOPPING CENTRES, SCHOOLS, HOSPITALS, HOTELS, RESTAURANTS, WAREHOUSES, FACTORIES AND OTHER COMMERCIAL OR PUBLIC FACILITIES.

Seat Sanitizer Dispsensers

Auto Sanitiser Dispenser (R0140003)

Maintain cleaner, fresher washrooms automatically with the Urinal & Toilet Auto Cleaner Dispenser. This programmable dispenser releases a measured dose of cleaning solution at regular intervals to reduce odours, prevent scale build-up, and improve hygiene in urinals and toilets. Ideal for commercial washrooms, offices, hospitality, healthcare, and public facilities.

Key Features

- Automatic timed dispensing for continuous cleaning
- Helps eliminate odours at the source
- Reduces scale and urine deposit build-up
- Battery-operated for simple installation
- Suitable for urinals and toilets
- Available in White, Satin, Black & Stainless Steel
- Compatible with Bio Purinel Refill and Purinel Mandarin Refill

Bio Purinel Refill

Keep urinals clean, fresh, and free from unpleasant odours with the Bio Purinel Refill. This enzyme-based urinal cleaner works continuously through the automatic dispenser, helping to prevent uric scale build-up while maintaining clean pipes, traps, and drains. Its biodegradable formula targets odour-causing bacteria at the source, providing long-lasting freshness and improved hygiene with every refill.

Key Features

- Enzyme-based formula helps prevent uric scale build-up
- Reduces bad odours by eliminating them at the source
- Helps keep urinal pipes, traps, and drains clean
- Compatible with the Auto Sanitiser Dispenser
- Environmentally friendly and biodegradable
- Ideal for commercial washrooms, offices, restaurants, schools, and public facilities

Purinel Mandarin Refill

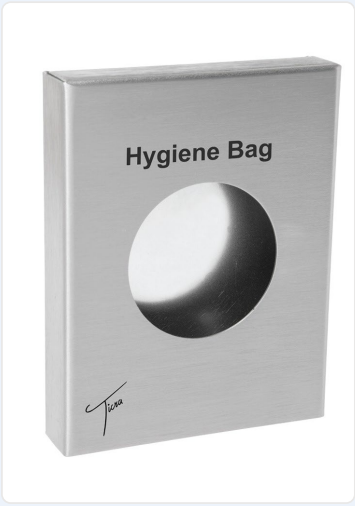

Keep toilets fresh, clean, and hygienic with the Purinel Mandarin Refill. This automatic toilet cleaner releases a measured dose of fragranced disinfectant into the cistern with every flush, helping to maintain a cleaner toilet between routine cleaning. Its advanced formula reduces limescale and hard water deposits while leaving a long-lasting fresh mandarin fragrance.

Key Features

- Automatic toilet disinfectant with fresh mandarin fragrance
- Helps keep the toilet bowl cleaner between cleans
- Surfactant formula helps ensure even coverage of the bowl
- Reduces limescale, stains, and hard water build-up
- Compatible with the Auto Sanitiser Dispenser
- Ideal for commercial washrooms, offices, schools, healthcare facilities, and public amenities

Sanitary Bag Dispenser (R039017)

A stylish, wall-mounted hygiene bag dispenser that provides a discreet and hygienic solution for the disposal of sanitary waste in commercial washrooms. Designed for easy refilling and everyday durability, it helps maintain a cleaner, more comfortable washroom environment.

Key Features

- Promotes hygienic and discreet sanitary waste disposal
- Compact wall-mounted design
- Easy to refill and maintain
- Ideal for offices, hospitality, healthcare and public washrooms
- Available in White, Satin, Black and Stainless Steel
- Compatible with Hygiene Bag Refills (R039016)
- Dimensions: 13.5 × 9.5 × 2.5 cm

Sanitary Bag Refills (R039016)

Convenient refill packs containing hygienic disposal bags for use with the Hygiene Bag Dispenser. Designed to provide a discreet and sanitary solution for feminine hygiene waste while helping to reduce odours and maintain a cleaner washroom.

Key Features

- Helps contain odours and improve washroom hygiene
- 30 bags per refill pack
- Compatible with the Hygiene Bag Dispenser (R039017)

Hand Dryers

Plastic Hand Dryer

A compact, energy-efficient hand dryer designed for reliable everyday use. Manufactured from durable, impact-resistant ABS plastic, it delivers fast and hygienic hand drying while offering a lightweight, cost-effective solution for offices, schools, restaurants, and public washrooms. Its modern design blends seamlessly into any washroom environment.

Stainless Steel Hand Dryer

A robust, high-performance hand dryer designed for busy commercial washrooms. Manufactured from durable stainless steel, it offers fast and hygienic hand drying while providing excellent resistance to corrosion and everyday wear. Its sleek, modern design makes it ideal for high-traffic environments.

Sanitary Pedal Bin – 19L (DISANBINP)

A hygienic hands-free pedal bin designed for the safe and convenient disposal of sanitary waste in washrooms. The foot-operated pedal minimises hand contact, promoting improved hygiene, while the compact, modern design fits neatly into toilet cubicles and restroom facilities. Constructed from durable, easy-to-clean materials for reliable everyday use in commercial and public environments.

Capacity: 19 Litres

IDEAL FOR:
OFFICES, HOTELS, SHOPPING CENTRES, HEALTHCARE FACILITIES, SCHOOLS, RESTAURANTS, AND PUBLIC WASHROOMS.

Stainless Steel Wall Bin (Available in Small & Large)

A sleek and durable stainless steel wall-mounted waste bin designed to keep washrooms, kitchens, and commercial areas neat and hygienic. Its space-saving design keeps the floor clear while providing a convenient waste disposal solution. Manufactured from high-quality stainless steel for long-lasting performance and easy cleaning.

Available Sizes:
- Small: 30 × 30 × 20 cm
- Large: 46 × 37 × 20 cm

IDEAL FOR:
WASHROOMS, OFFICES, HEALTHCARE FACILITIES, HOSPITALITY VENUES, SCHOOLS, AND COMMERCIAL ENVIRONMENTS.

Twinsaver Wall Bin & Lid (DIPAP935)

Ideal for small confined spaces
- Safe disposal system with lid for hygiene
- Economical and durable
- Bin Size: 490mm X 330 mm X 220mm
- Lid Size: 90mm X 335mm X 225mm
- Capacity: 23 L

Hygiene Bucket & Lid

Durable, colour-coded hygiene bucket supplied with a secure-fitting lid and convenient carry handle. Ideal for use in professional cleaning, food processing, hospitality, healthcare and other hygiene-sensitive environments. The colour-coded design helps support HACCP cleaning systems by allowing buckets to be allocated to specific areas or applications, reducing the risk of cross-contamination.

Manufactured from durable plastic for regular commercial use and easy cleaning.

Available Sizes: 5L, 10L & 25L (Black – 20L)
Available Colours: Red, Blue, Green, White, Black, Orange & Yellow

Heavy Duty Plastic Bucket – 6L & 12.5L

Heavy-duty plastic bucket designed for professional cleaning, hygiene and food-processing environments. Manufactured from durable plastic for long-lasting daily use, the rectangular design includes a convenient pouring lip for controlled dispensing and internal measurement markings for accurate dilution and mixing of cleaning chemicals. Available in a range of hygiene colours to support colour-coded cleaning systems, helping to separate cleaning zones and reduce the risk of cross-contamination.

Available Sizes: 6L & 12.5L
Available Colours: Red, Blue, Green, Yellow, White, Orange & Black

Cloth & Utensil Buckets

Colour-coded Cloth & Utensil Buckets designed to support effective hygiene practices and a Clean-As-You-Go system in kitchens, food preparation and food-processing environments. Available in all hygiene colours, the buckets can be allocated to specific areas or tasks to help reduce the risk of cross-contamination.

Cloth Bucket: Ideal for soaking cleaning cloths in a prepared disinfectant solution of Microbax10. Cloths can be used to wipe surfaces and returned to the solution between uses, helping to maintain good hygiene throughout food preparation and cleaning activities.

Utensil Bucket: Ideal for soaking knives and other suitable food-preparation utensils in a prepared disinfectant solution of Microbax10. Utensils can be returned to the solution between uses as part of an established cleaning and disinfection procedure.

Available Colours: Red, Blue, Green, Yellow, White, Orange & Black

Household Bucket – 9L

A practical and durable 9L plastic bucket suitable for a wide range of everyday household and general cleaning tasks. Ideal for mopping, washing, rinsing, carrying water and other routine cleaning applications. Lightweight and easy to handle, with a convenient carry handle for easy transportation.

Capacity: 9L

Builders Bucket

A strong and durable plastic bucket designed for demanding construction, industrial and general-purpose applications. Ideal for carrying and mixing materials such as cement, mortar, plaster, grout and water, as well as for general cleaning and maintenance tasks. Its heavy-duty construction is designed to withstand regular use on building sites, in workshops and other tough working environments.

Waste Paper Bin (Black)

A practical and durable plastic waste paper bin designed for convenient everyday waste disposal. Ideal for offices, classrooms, reception areas, bathrooms and other general-purpose environments. A simple and reliable solution for collecting paper and other light, non-hazardous waste.

Refuse Bin & Lid

A strong and durable plastic dustbin designed for everyday waste collection in commercial, industrial and public environments. Manufactured from robust plastic for long-lasting use, it features convenient carry handles on both sides for easy lifting, handling and emptying. Its ideal for high-traffic areas and general waste disposal, both indoors and outdoors.

Wheelie Bins – 120L & 240L

Heavy-duty plastic wheelie bins designed for convenient and hygienic waste collection in commercial, industrial, hospitality, food-processing and general cleaning environments. Fitted with a secure lid, sturdy wheels and an easy-grip handle, the bins can be moved and emptied with ease, even when carrying larger volumes of waste.

Available in a range of hygiene colours to support colour-coded waste management and help separate different waste streams or designated areas. The durable, easy-to-clean construction makes them suitable for regular indoor and outdoor use.

Available Sizes: 120L & 240L
Available Colours: Red, Blue, Green, Yellow, White, Orange & Black

FLOORCARE

PROFESSIONAL FLOOR CLEANING SOLUTIONS

Wet or Dry Vacuums

Kingfisher Wet & Dry Vacuum – 15L

Compact and versatile wet & dry vacuum cleaner designed for everyday commercial cleaning. Powered by a 1000W 2-stage motor, it is suitable for vacuuming both dry dust and debris as well as water and liquid spills. The 15L capacity provides a practical balance between portability and cleaning capacity, while the 7m power cable allows for convenient movement around the cleaning area. Ideal for offices, workshops, hospitality, retail and general cleaning applications.

1000W | 15L Capacity | 2-Stage Motor | Wet & Dry Cleaning | 7m Cable

Suitable For: Dry Vacuuming | Liquid Pick-Up | Spill Cleaning | General Commercial Cleaning

Kingfisher Wet & Dry Vacuum – 30L Stainless Steel

High-capacity professional wet & dry vacuum cleaner designed for more demanding cleaning applications. Powered by a 1000W motor, it provides effective vacuuming of both dry dirt and liquid spills, while the durable 30L stainless-steel tank offers increased capacity for larger cleaning tasks. Supplied with a 2.6m hose for convenient cleaning access and ideal for commercial, industrial, workshop and general maintenance environments.

1000W | 30L Capacity | Stainless-Steel Tank | 2.6m Hose | Wet & Dry Cleaning

Suitable For: Dry Vacuuming | Liquid Pick-Up | Larger Spills | Workshops | Commercial & Industrial Cleaning

Numatic WV370-2 Wet & Dry Vacuum

Compact professional wet or dry vacuum designed for versatile everyday cleaning. Powered by a 1060W TwinFlo bypass motor, it delivers strong suction for both dry debris and liquid pick-up. Switching between wet and dry operation is quick and simple, while its compact design and easy-carry handle make it convenient to transport and store. Ideal for commercial cleaning, hospitality, workshops and general maintenance applications.

1060W | 15L Dry / 9L Wet Capacity | 26.8m Range | Wet & Dry Cleaning

Numatic CT470-2 Carpet Extractor

High-capacity professional carpet and upholstery extractor designed for larger and more demanding cleaning applications. Combines a powered liquid supply with powerful extraction to inject cleaning solution deep into carpet fibres and efficiently recover the solution and loosened dirt. Features a generous 20L wet capacity and 15L extraction tank, together with a practical tank-within-a-tank design for easy filling and changing. Ideal for carpets, upholstery, vehicle valeting and larger commercial cleaning areas.

1060W | 20L Wet Capacity | 15L Extraction Tank | 26.8m Range | High-Capacity Extraction

Dimensions: 358 x 450 x 710mm

Rotary Machines & Pads

Kingfisher Rotary Machine (Standard Speed)

Heavy-duty professional walk-behind rotary floor machine designed for effective scrubbing, polishing and general hard-floor maintenance. Powered by a robust 1100W motor with a 430mm pad diameter, it delivers consistent floor contact and a productivity rate of up to 475m² per hour. The generous 15m power cable provides a practical working range, while the low 53dB(A) operating noise level makes it suitable for use in a variety of commercial environments.

Supplied with pad drive only and compatible with suitable floor pads for different cleaning and polishing applications. An optional 15L solution tank is available for wet scrubbing applications.

1100W | 430mm Pad | 475m²/h Productivity | 15m Cable | 53dB(A)

Suitable For: Scrubbing | Polishing | Floor Maintenance | Commercial & Industrial Hard Floors

Optional: 15L Solution Tank

Numatic HFM1515R Rotary Floor Machine – 150rpm (Standard Speed)

Heavy-duty professional rotary floor machine designed for versatile floor cleaning and maintenance. Powered by a robust 1500W motor and operating at 150rpm, it is suitable for a wide range of applications including scrubbing, stripping, polishing, buffing and spray cleaning. The 450mm working width provides efficient coverage, while the fully adjustable handle allows for comfortable operation. Ideal for commercial, industrial, hospitality and institutional floor-care applications.

1500W | 150rpm | 450mm Brush | 400mm Pad | 32m Cleaning Range

Dimensions: 460 x 560 x 1250mm
Ideal For: Scrubbing, stripping & general floor maintenance

Numatic HFM1530R High-Speed Rotary Floor Machine – 300rpm (High Speed)

Professional high-speed rotary floor machine designed for efficient floor polishing, buffing and maintenance. Powered by a heavy-duty 1500W motor and operating at 300rpm, it delivers faster rotary action for maintaining and enhancing the appearance of hard floors. Features a 450mm working width, Automatic Torque Control and a fully adjustable handle for comfortable, controlled operation. Ideal for commercial facilities, retail environments, hospitality, healthcare and other areas requiring regular floor maintenance.

1500W | 300rpm | 450mm Brush | 400mm Pad | 32m Cleaning Range

IDEAL FOR:
POLISHING, BUFFING & HIGHER-SPEED FLOOR MAINTENANCE

Black Scrubbing / Stripping Pad

Heavy-duty floor pad designed for aggressive scrubbing and stripping applications. Ideal for removing old floor polish, wax build-up, stubborn dirt and ingrained grime from hard floor surfaces. Used with a rotary floor machine and suitable for intensive floor preparation before applying a new floor finish or polish.

Available Sizes: 325mm | 400mm | 425mm | 450mm | 500mm

Best For: Heavy Scrubbing | Stripping Old Polish | Removing Build-Up | Floor Preparation

Red Polishing Pad

Versatile medium-light floor pad designed for light-duty cleaning, spray cleaning and polishing of hard floor surfaces. Removes light dirt and scuff marks while helping to restore the appearance and shine of polished floors without aggressively removing the existing floor finish. Ideal for routine floor maintenance with rotary machines.

Available Sizes: 350mm | 400mm | 425mm | 450mm | 500mm

Best For: Light Cleaning | Spray Cleaning | Polishing | Removing Light Scuff Marks | Routine Maintenance

White Polishing Pad

Soft, non-aggressive floor pad designed for fine polishing and burnishing of clean, finished hard floors. Helps produce a smooth, high-gloss finish without removing the existing floor polish. Ideal as the final polishing step after floor treatment or for maintaining the shine of polished floors.

Available Sizes: 425mm | 500mm

Best For: Fine Polishing | Burnishing | High-Gloss Finishing | Maintaining Polished Floors

Mopping Systems & Trolleys

Caddy – Square

4-Compartment Plastic Cleaning Caddy

Durable and lightweight cleaning caddy with 4 compartments for convenient organisation and storage of cleaning chemicals, cloths, brushes and other cleaning accessories. Features an integrated carry handle for easy transport, keeping essential cleaning supplies organised and close at hand.

Dual Press Mop Wringer

Heavy-duty professional mop wringer designed for efficient water extraction from mop heads, helping reduce excess water for faster and more effective floor cleaning. The dual press action provides powerful, even wringing with less operator effort.

Hibak & Div Plate Mopping Bucket – HACCP Colours

Durable professional mopping bucket with Hibak and dividing plate system, designed for efficient everyday floor cleaning. The dividing plate helps separate cleaning solution from soiled water during use, helping to keep the cleaning solution cleaner for longer. Available in HACCP colour-coded options to support designated cleaning areas and help reduce the risk of cross-contamination.

Ideal for food preparation areas, kitchens, healthcare facilities, hospitality, washrooms and general commercial cleaning.

Mopping Bucket & Wringer – 20L / 36L – HACCP Colours

Durable professional mopping bucket and wringer system designed for efficient everyday floor cleaning in commercial and hygiene-sensitive environments. Features a sturdy bucket, easy-action wringer and 4 castors for smooth manoeuvrability while cleaning. Available in HACCP colour-coded options to support designated cleaning areas and help reduce the risk of cross-contamination.

Ideal for use in food preparation areas, kitchens, healthcare facilities, hospitality, washrooms and general commercial cleaning.

Available Sizes: 20L | 36L
Includes: 1 × Bucket | 1 × Wringer | 4 × Castors
Available in HACCP Colours

Double Mopping Trolley & Wringer – 2 × 25L

Professional double-bucket mopping trolley and wringer system designed for efficient commercial floor cleaning. The two separate 25L buckets allow clean and soiled water to be kept separate, helping maintain a cleaner mopping solution and reduce cross-contamination during cleaning. Fitted with 4 castors for easy manoeuvrability and a durable wringer for effective removal of excess water from mop heads.

Ideal for larger commercial areas, hospitality, healthcare, food service and general professional cleaning applications.

Includes: 2 × 25L Buckets | 1 × Wringer | 4 × Castors
Total Bucket Capacity: 50L

Numatic NX1002 Servo-X Trolley

Professional dual-bag collection trolley designed for efficient laundry, linen and waste collection. Features 2 × 100L bags mounted on a durable, manoeuvrable frame with four castors. The trolley folds easily for compact storage, while the removable bags incorporate convenient drag handles and can be fitted with closure systems. Ideal for hotels, healthcare facilities, laundries, housekeeping and other high-volume collection applications.

2 × 100L Bags | Folding Design | 4 Castors | Compact Storage

Best For: Laundry Collection | Linen Collection | Waste Collection | Housekeeping

Numatic SM1R ServoMatic Cleaning Trolley

Versatile professional janitorial cleaning trolley designed to keep cleaning supplies, equipment and waste organised in one mobile system. Features a generous 120L lidded waste facility, 4 × 5L colour-coded buckets, a full top tray and storage drawer for convenient access to cleaning essentials. The colour-coded buckets support hygienic cleaning practices and help reduce the risk of cross-contamination between designated cleaning areas.

Ideal for housekeeping, hospitality, healthcare, offices, schools and general janitorial cleaning.

Standard Configuration:

- 1 x 120L Waste Bag & 3pc Lid (ReFlo Black)
- 4 x 5L Buckets (Grey with Red/Blue/Green/Yellow Handles)
- 1 x Full Top Tray (ReFlo Black)
- 1 x Shallow Storage Box (ReFlo Black)
- 4 x 125mm Castors (2 x braked, 2 x standard)
- Size 570 x 1325 x 1115mm

(Note: Optional Accessories sold separately)

Chamois

Soft and highly absorbent chamois designed for effective drying and wiping of vehicles, glass and other smooth surfaces. It quickly absorbs water and moisture, helping to leave surfaces clean, dry and streak-free. Ideal for car washing and detailing, as well as for windows, mirrors and general cleaning applications. Durable and reusable for convenient everyday use.

Doodle Bugs / Scouring Pads – Pack of 10

Durable scouring pads designed for effective scrubbing and cleaning of floors, walls and other hard surfaces. Ideal for removing dirt, grime and stubborn marks during general, commercial and industrial cleaning. The pads can be used by hand or with a compatible pad holder for easier cleaning of larger surface areas.

Available in black for heavy-duty scrubbing and white for lighter cleaning and polishing applications.

Pack Size: 10 Pads
Available Colours: Black & White

Green Scourers – Pack of 10

Durable green scouring pads designed for effective removal of stubborn dirt, grease, grime and food residue from hard surfaces. Ideal for general cleaning in kitchens, food preparation areas, hospitality, commercial and industrial environments. The abrasive surface provides strong scrubbing action for tackling difficult cleaning tasks.

Size: 140 x 210mm
Pack Size: 10 Scourers

Motor Car Sponge

Large, absorbent sponge designed for washing vehicles and other large surfaces. Its soft, durable construction holds plenty of water and cleaning solution, helping to lift and remove dirt and grime while providing effective coverage over larger areas. Ideal for washing cars, bakkies, trucks and other vehicles, as well as for general-purpose cleaning applications.

Pot Scourers

Heavy-duty pot scourers designed for effective removal of stubborn grease, burnt-on food and tough food residue from pots, pans and other suitable kitchenware. The durable scouring construction provides strong scrubbing action, making them ideal for busy commercial kitchens, restaurants, catering facilities and general kitchen cleaning.

Pack Size: 36 Pot Scourers

Sponge Scourers

Practical dual-purpose sponge scourers designed for everyday washing and cleaning. The absorbent sponge is ideal for wiping and washing, while the abrasive scouring side helps remove grease, food residue and stubborn dirt. Suitable for use in kitchens, hospitality, catering and general cleaning applications.

Available Options:
Small – Pack of 3
Large – Single Pack

Steel Wool

Durable steel wool designed for heavy-duty scrubbing, cleaning and polishing applications. Its abrasive steel fibres are effective at removing stubborn dirt, grease, grime and tough deposits from suitable hard surfaces, cookware and equipment. Ideal for use in commercial kitchens, workshops, industrial environments and general cleaning applications.

Available Sizes: 100g, 200g, 500g & 4kg

Dish Cloth

A durable and absorbent large rectangular kitchen cloth designed for everyday wiping, drying and general cleaning. Ideal for drying dishes, wiping counters and tackling everyday kitchen spills. Washable and reusable, providing a practical and cost-effective alternative to disposable paper towels.

Dish Swab

A practical and absorbent smaller square cleaning cloth designed for everyday washing and wiping. Its convenient size makes it ideal for cleaning kitchen counters, work surfaces and other washable surfaces, as well as wiping up everyday spills and messes.

Microfibre Cloth – 40 × 40cm | 240gsm

High-quality 240gsm microfibre cleaning cloth designed for effective wiping, dusting and general-purpose cleaning. Made from 80% polyester and 20% polyamide, the fine microfibres provide excellent dirt and moisture pick-up while helping to achieve a clean, streak-free finish. Soft, durable and reusable, making it suitable for commercial, hospitality, food-processing, automotive and general cleaning applications.

Available in HACCP Colour Coding

Mutton Cloth – 400g

Soft, highly absorbent mutton cloth supplied in a convenient 400g pack, designed for general-purpose wiping, cleaning and polishing. The lightweight, flexible material effectively absorbs liquids and picks up dirt while being gentle on surfaces, making it ideal for kitchens, hospitality, automotive cleaning, workshops and general housekeeping applications. Suitable for wiping surfaces, cleaning up spills, polishing and drying

Spunlace Roll

150mm & 400mm

Available in HACCP colour-coded options for effective cross-contamination prevention. 100% Recycled Fibre

Supa Wipes (25's)

Soft, durable, and highly absorbent wipes designed for everyday cleaning and wiping tasks. Available in HACCP colours to support colour-coded cleaning systems and help prevent cross-contamination in food preparation areas. Supplied in convenient packs of 25.

Terry Cloth

A highly absorbent large rectangular terry cloth designed for drying, wiping and general-purpose cleaning. Provides excellent liquid absorption, helping to leave dishes and surfaces clean and dry. Its larger size makes it particularly suitable for drying dishes, wiping larger surfaces and frequent kitchen or general cleaning.

Terry Swab

A soft and highly absorbent smaller square terry cloth designed for wiping surfaces and quickly absorbing spills. Its compact size and absorbent terry construction make it convenient for everyday cleaning of kitchen counters, work surfaces and other washable areas in domestic, commercial and hospitality environments.

Vesting Rags – 5kg & 25kg

Economical vesting rags designed for heavy-duty wiping, spill clean-up and general-purpose cleaning. Ideal for absorbing liquids and wiping away oil, grease, dirt and grime from machinery, tools, equipment and work surfaces. A practical and cost-effective wiping solution for high-volume commercial and industrial cleaning applications.

Available Pack Sizes: 5kg & 25kg

Workhorse Rags (50's)

Heavy-duty, highly absorbent interfolded cleaning cloths designed for demanding cleaning tasks. Extra-strong and reusable, they can be rinsed and reused multiple times to reduce waste and consumption. Ideal for industrial cleaning, food processing facilities, commercial kitchens, workshops, and general maintenance. Supplied in HACCP colours to support colour-coded cleaning systems and help prevent cross-contamination.

Pack Size: 50 cloths (25 sheets × 2 sleeves)
Sheet Size: 41 × 33 cm

Gloves

Candy Stripe Gloves

Protective pigskin leather gloves with a breathable candy-stripe fabric back. Designed to provide a comfortable fit, good abrasion resistance and flexibility for general handling and rigging applications.

Chrome Leather Gloves

Durable chrome leather gloves designed to protect the hands and wrists during welding, general handling and other demanding work applications. Provides good resistance to heat, sparks and abrasion while remaining flexible and comfortable during use.

Available in sizes: 8" – 20cm & 12" – 30cm

Examination Gloves

Disposable examination gloves providing a hygienic barrier to help reduce cross-contamination and protect hands during general cleaning, hygiene and handling tasks. Comfortable and flexible for improved dexterity.

Pack Size: 50 gloves

Examination Gloves Nitrile

Disposable nitrile gloves providing a comfortable, flexible fit with good resistance to punctures, oils and a range of chemicals. Ideal for cleaning, food handling, healthcare and general hygiene applications where reliable hand protection and dexterity are required.

Gloves Elbow Length PVC – Standard

Durable elbow-length PVC gloves providing extended protection for the hands and forearms. Suitable for general handling, cleaning and wet-work applications.

Gloves Shoulder Length PVC

Durable shoulder-length PVC gloves providing extended protection for the hands and arms. Ideal for wet, messy and general handling applications where additional arm coverage is required.

Gloves Short PVC Heavy Duty

Heavy-duty PVC gloves offering protection against water, oils and a range of chemicals. Durable and comfortable, with a textured finish for improved grip in wet conditions. Ideal for industrial cleaning and general handling applications.

High-Risk Examination Gloves – Black

Heavy-duty disposable examination gloves designed for applications requiring enhanced hand protection. Offers excellent puncture resistance, durability and flexibility, with a comfortable fit for improved dexterity. Ideal for demanding cleaning, industrial, maintenance and hygiene applications.

Pack Size: 50 gloves

Kitchen Gloves

Durable household gloves designed for washing dishes, general cleaning and other wet-work applications. Provides a comfortable fit and good grip while helping to protect hands from water, detergents and everyday cleaning tasks.

Latex Gloves

Durable latex-coated gloves providing excellent grip and good resistance to water, punctures and abrasion. Ideal for general cleaning, handling and other applications where a secure grip is required, particularly in wet conditions.

Pigskin Gloves

Durable pigskin leather gloves offering excellent breathability, comfort and flexibility. Pigskin leather remains soft and supple even after exposure to moisture, making these gloves ideal for general handling and everyday work applications.

Disposable Protective Wear

Disposable Aprons

Lightweight disposable plastic aprons providing a hygienic barrier to help protect clothing from splashes, spills and contamination. Ideal for food handling, cleaning, healthcare and general hygiene applications.

Available in: White, Blue, Red, Green & Yellow
Pack Size: 100 aprons

Disposable Beard Protectors

Lightweight disposable beard covers designed to securely contain facial hair and help reduce the risk of contamination. Ideal for food processing, food preparation, healthcare, pharmaceutical and other hygiene-sensitive environments.

Pack Size: 100 beard protectors

Disposable Gloves

Lightweight polyethylene gloves designed for single-use food handling and general hygiene applications. Easy to put on and remove, making them ideal for high-turnover environments such as bakeries, butcheries, food preparation areas and fast-food counters.

Pack Size: 100 gloves

Disposable Mop Caps

Lightweight disposable hair covers designed to securely contain hair and help reduce the risk of contamination. Ideal for food preparation and processing, kitchens, healthcare, laboratories and other hygiene-sensitive environments.

Available in: White, Blue, Black, Green, Orange, Yellow & Red
White available in: 18" & 21"counters.
